## SYNOPSIS.

**THE CITY.** Chance here for great Mexico export and import trade. Mrs. Ada Bryant, originator of "J.O." movement, calls unique conference. Hon. E. H. Connor, in pulp at State University convention, speaks on brotherhood of man and cities America's policy as proof of increasing interest in well-being of all mankind. Santa Fe ready to begin building quarter-mile-long freight depot. National Mothers' Congress indefinitely postponed. Orientals make happy hit at May Day baby show. Mr. and Mrs. Branner, married May 1, 1906. Match and wedding. Finish of Alken expected in today's Humane Society election. Shriners throughout country voice indignation at "My Edict" Collins and express regrets to Mr. Malhotra. "Bountiful" (Bountiful) provides its own burial vault. Mrs. First Street lost brings \$25,000. Unsuccessful warrant issued to his wife by bloodhounds. E. Tagline Taber robbed of \$250. Supposed photo-enlarging solicitor steals 1000 cigars. R. J. Gillespie wings alleged burglar. County officials report show business booming. Holidays drive slow taxpayers better chance. Mystery about Rev. C. J. Jones' civil service examination papers. Police watching "Lewis the Light". Elks make big profit on lot. No more rewards for Indemnity. Board of Public Works. More benefits aid relief work.

## SOUTHERN CALIFORNIA.

**PACIFIC SLOPE.** Outlaw Smith shot to death by member of posse and to his wife by bloodhounds. Upholds Lawyer Collins and grants stay of execution. Harriman denies opposition to Panama Canal and warns Seattle against "anti-railroad" legislation. Republicans make clean sweep in Phoenix municipal election; officers of gambling element come to naught. **SAN FRANCISCO.** San Francisco rejoices in restoration of lighting and street-car services. Six telephone lines reach all principal points. Citizens' Committee decides to accept all offers of aid from foreign countries; contribution of 200,000 yen by Emperor of Japan the first one. Taft tells Helian that War Department has no power to give money to Relief Committee. Congress authorized expenditure for supplies only. City's iron works resume with full force of employees. Oakland Herald, in adding useless San Francisco papers, makes remarkable record for work. Repair of Federal buildings will not be opened in Congress. Nearly half million dollars for relief work received through mails. President Wheeler admits that State University has been damaged to extent of \$150,000; teachers' force to be reduced one-fourth. Independent merchant kills himself after viewing ruins. Rents advanced many private houses have been turned into business offices. Episcopal Church heavy losses in fire, five places of worship being destroyed.

## GENERAL EASTERN.

Chicago police prevent red-flag parade of Socialists. Every coal company in the union district preparing for strike. Coalmining fund can enter lungs, says local witness testifying for Lawyer "Red". Baltimore and Ohio Railroad disposed of coal company stocks as result of investigation of Interstate Commerce Commission. Eight of Denver's Municipal Ownership League men in New York arrested for forgery and conspiracy. May Day marked by numerous minor strikes in New England.

## WASHINGTON.

McJannet in House pleads for free press and resulting applause makes him a wild gale like a stone maul. President Franklin K. Lane in capital to President relative to his chances of becoming member of Interstate Commerce Commission. McKinley's son-in-law sends only signature. Long-dreaded May Day rioting in violence in plenty; violent demonstrations occur in provinces.

# SHERMAN'S MARCH.

Father Thomas Can Go It Alone.

The President Recalls Escort of Military Men Setting Out With Former.

Southerners Objected to a New Exploitation of a Famous Campaign.

Clergyman Has Left Chickamauga for the Sea. Vigorous Protests.

(BY DIRECT WIRE TO THE TIMES.)

**CHATTANOOGA (Tenn.)** May 1.—[Exclusive Dispatch.] Rev. Father Thomas Sherman, son of Gen. William T. Sherman, has started out from Chickamauga to follow his illustrious father's route to the sea in the stirring days of 1865. The soldier-clergyman is accompanied by two United States officers from the Twelfth Cavalry, Lieut. Robert M. Campbell of Maryland and Lieut. George B. Hunter from Lancaster, O., the Sherman home, two non-commissioned officers and six men, all mounted.

The trip is designed to cover the bloody battlefields which Gen. Sherman crossed on his famous march to the sea and the after-day record which the War Department is anxious to secure. This practice march was considered by the War Department for a long time, and at the suggestion of Gen. Barry, assistant chief of staff, Secretary of War Taft invited Father Sherman.

## THE PRESIDENT'S ACTION.

(BY DIRECT WIRE TO THE TIMES.) **WASHINGTON**, May 1.—[Exclusive Dispatch.] The President this evening, after having learned of the vigorous protests made by Southern members of Congress and citizens throughout the South against the expedition of Rev. Father Sherman, with a military escort, issued an order directing that the detachment escorting Father Sherman leave him.

## DEPOSITORS GET MONEY ON CHECKS ISSUED BY BANKS.

Arrangement With Clearinghouse Will Do Great Deal Toward Re-establishing Business and Enable Persons to Provide Themselves With Such Supplies as Purchasable.

(BY THE ASSOCIATED PRESS—P.M.)

**SAN FRANCISCO**, May 1.—The money stringency in San Francisco was greatly relieved this morning by the payment from the United States mint of large sums on checks issued by the banks to their depositors. Although not more than \$500 was paid to any individual, the issuance of this amount to more than 200 people will do a great deal toward reestablishing business and enabling people to provide themselves with supplies that are purchasable.

The payment of money from the results of the mint was in accordance with an arrangement of the banks through the Clearinghouse Association. Depositors wishing to draw money on their accounts in the banks were required to procure from their bankers clearinghouse certificates for the amount desired. These certificates, when presented at the mint, were promptly paid, each bank having a representative present to see that the certificates were properly drawn and endorsed.

Several hundred people stood in line at the approach to the mint for more than an hour before the time set for the disbursement to begin. The crowd was orderly and waited in patience for the arrival of the cashier, who did not reach the mint until 11:30. The line extended around the corner of Mission street from the main entrance of the mint on Fifth street and when payment was commenced the work went forward very rapidly, several assistants attending to the work of cashing the checks. Many of the people entitled to draw the maximum of \$500 contented themselves with much smaller amounts, drawing only such as was needed to satisfy immediate demands. A number of depositors were represented by their attorneys, who stood in line for the privilege of drawing money for their clients.

The men in the employ of the United States customs service and the sub-treasury are also being paid at the mint. Pensioners of the Civil War are enabled to draw their money upon presentation of certificate from the sub-treasury.

## LETTING EDUCATION WAIT.

**NEW YORK**, May 1.—The attempt of the authorities to reopen the university here during the summer in order to catch up with university work is being resisted. At a big meeting yesterday, the majority insisted upon letting the university work go and continuing to fight for liberty. University has been closed for over a year.

## SUNK OFF BEACHY HEAD.

British Steamer Blenheim Run Down by the Kate Thomas and Five Persons Drown.

(BY THE ASSOCIATED PRESS—P.M.) **NEW HAVEN (Conn.)** May 1.—The British steamer Blenheim, which sailed from Junin, March 10, for Dover, was sunk off Beachy Head, today, by the British bark Kate Thomas, from Antwerp for Calao. Five persons are reported drowned.

The captain and nine members of the crew were landed here by a pilot boat, and it is believed four others were also saved. The cargo of the Blenheim was valued at \$250,000.

## DEWEY BANQUET IN WASHINGTON.

MAY DAY BATTLE OF MANILA BAY IS REVIVED.

Admiral Relates Incidents to the Diners and Tells About the "Going to Breakfast"—Had Only Half the Regulation Allowance of Ammunition.

(BY DIRECT WIRE TO THE TIMES.)

**WASHINGTON**, May 1.—[Exclusive Dispatch.] Admiral Dewey, in the eighth year after his victory in Manila Bay, is being congratulated on the anniversary of the fight he won. Throughout the day he received visitors, who called to pay their respects in commemoration of his May Day battle, and tonight he was the center of the celebration which was held with a banquet at the Raleigh Hotel, the guests being confined to the officers and the three civilians who were with the fleet at the time.

## ELECTIONS AT OMAHA.

Dahlman Wins for Mayor by Surprising Majority—Republicans Get Two Councilmen.

(BY THE ASSOCIATED PRESS—P.M.) **OMAHA**, May 1.—James C. Dahlman (Dem.) was elected Mayor of Omaha, today, over T. A. Benson by a surprising majority. The total vote, according to the official figures, was: Dahlman, 15,347; Benson, 7455, making Dahlman's plurality 7892. The vote for the Socialist candidate was small.

A full set of city officers, including City Commissioner, was elected. Councilmen being elected at large. In the exception of two of the twelve Councilmen, the Democrats made a clean sweep. The successful Republicans are: E. Zimmerman, at present acting Mayor, and W. W. Kingham.

## SMELTING IN CALIFORNIA.

**BOSTON**, May 1.—[Exclusive Dispatch.] The United States Smelting, Refining and Mining Company will add two additional blast furnaces to its mammoth smelter at Kennel, Cal., making five in all. It will also add mechanical roasters and a reverberatory furnace to treat the fine ore and fluo-apatite. This new equipment will practically double the present capacity of the plant, which, from three furnaces, is said to be returning the United States Company between \$100,000 and \$150,000 net per month.

## SUCCESSOR TO BELMONT.

**ALBANY (N. Y.)** May 1.—[Exclusive Dispatch.] Representative Wadsworth tomorrow will be named by the Governor to succeed August Belmont as a member of the State Racing Commission.

## VICTORY FOR SMATHERS.

**NEW YORK**, May 1.—[Exclusive Dispatch.] The National Trotting Association's decision that testimony must be taken Thursday in the Smathers-Billings scandal is a victory for Smathers. Billings's attorney may refuse to appear.

## BUTTE'S EIGHT-HOUR DAY.

**BUTTE (Mont.)** May 1.—The Amalgamated Copper Company, North Butte and the Butte Coalition mining companies today created a strictly eight-hour day for all employees. About ten thousand men are affected.

## JUDGE HALLETT'S SUCCESSOR.

**DENVER**, May 1.—After forty years' service as Judge of the United States Court for the District of Colorado, Judge Moses Hallett today retired to private life, and Robert E. Lewis was sworn in as his successor.

## TO REPORT FAVORABLY.

Repair of San Francisco Federal Building Unopposed in Congress.

(BY THE ASSOCIATED PRESS—P.M.) **SAN FRANCISCO**, May 1.—Congressman Kahn today received the following dispatch from Washington:

"The Committee on Public Buildings and Grounds will consider the repair of all public buildings at San Francisco, and will make a favorable report to the House in the Omnibus Bill if the data are secured in time; otherwise by separate bill."

"JESSE OVERSTREET,"

"Chairman Postoffice Committee."

# MAY DAY'S ALARM BRINGS DEADLY HARM

Parisian Rioters Charged by Cavalry and Many Are Wounded.

Several Bombs Found But None Are Exploded—Violent Demonstrations at Marseilles, Brest, Lyons and Other Cities—Temper of Workmen Threatening. Three Policemen Killed at Warsaw.

(BY THE ASSOCIATED PRESS—P.M.)

**PARIS**, May 1.—The long-dreaded May Day failed to bring the revolution which inflammatory journals predicted, but none the less it brought scenes of excitement and violence.

The labor districts, which thousands of troops controlled with difficulty, and even central portions of Paris, have taken on the appearance of a siege, with regiments of infantry and cavalry camped about the Arc de Triomphe, the Bourse, the Bank of France, and the great railway station, while military sentinels paced before banks and private establishments.

The main thoroughfares in the residential portion of Paris remain tranquil. In the West End, far removed from riotous scenes, people were disposed to treat the events in the labor quarters as harmless effervescence. It was, however, much more than that. Throughout the afternoon dragoons, Republican guards and cuirassiers charged disorderly masses, sweeping the Place de la Republique and the broad Boulevard de Magenta. Toward midnight, cavalry charged with drawn swords, and many persons were wounded on both sides.

## LEADERLESS TUMULT.

At no time did the demonstration reach the magnitude of a revolt, but was rather a leaderless tumult, in which the serious labor element struggling for a principle was hopelessly confused with violent agitators, and a large number of the curious. The workers never succeeded in forming a procession, or even in assembling more than scattered bands. Their chief action was a reunion of several thousands in the Labor Exchange, in which a resolution was adopted not to return to work until the eight-hour day shall have been accorded.

## POLICE LOSE CONTROL.

The worst hour of the day was toward 5 o'clock this evening, when the police practically lost control, and were compelled to rely on the mounted troops. The latter, forming in lines twenty yards across and fifteen yards apart, swept around the Place de la Republique, driving the disorderly crowds into the surrounding streets. Most of the mob sought refuge in the Boulevard de Magenta and at the Quai de Valmy, which became centers of disorders. Here trumpets sounded and puffed commands to disperse, and the cavalry galloped into the crowds, trampling and injuring many. A body of foot guards, surrounded by fanatics, was rescued with difficulty by cavalry with drawn swords. Here a considerable number were wounded.

By 6 o'clock calm had been measurably restored, and most of the troops returned to their barracks.

## TRAFFIC SUSPENDED.

Tonight, vehicular traffic is completely suspended. Cabs, omnibuses and streetcars are not running, the result being to give the usually busy boulevards a singular aspect of desolation. Enormous crowds of curious people filled the streets. The Opera and other State theaters are open, the Opera having two squadrons of Cuirassiers in the basement, while Felix Weingartner is conducting a Beethoven and Berlioz festival in the Auditorium. Ten of the leading theaters closed on account of the exceptional conditions. The banks were closed throughout the day.

## WORKMEN THREATENING.

The temper of the workmen tonight is threatening. They claim that the police acted brutally, and cite many instances of innocent people being beaten and arrested. They declare that today was only the beginning of the movement.

## VIOLENCE IN PROVINCES.

Reports from the provinces show that there were violent demonstrations at Marseilles, Brest, Bordeaux, St. Etienne, Lyons and Rouen. At Marseilles, processions carrying red flags and creating violent disorders came in collision with the troops, and a number of them were injured.

## NEW ENGLAND STRIKES.

**BOSTON**, May 1.—May Day was marked by numerous minor strikes in New England. The majority of the difficulties were confined to the building trades. The Lawrence carpenters,

about one thousand in number, demand an eight-hour day and a wage of \$3. In Lynn 600 machinists desire an eight-hour day with a half holiday.

## INDIANAPOLIS CARPENTERS.

(BY THE ASSOCIATED PRESS—P.M.) **INDIANAPOLIS**, May 1.—Four hundred carpenters demanding increased wages struck here today.

## COAL OPERATORS PREPARING MINES.

WILL CONTINUE WORK EVEN IF STRIKE BE DECLARED.

Delaware, Lackawanna and Western Laying Plans to Operate All Its Collieries and Washeries—Other Companies Have Large Forces of Men Engaged.

(BY THE ASSOCIATED PRESS—P.M.)

**SCRANTON (Pa.)** May 1.—Notwithstanding that many of the operators in this part of the anthracite field are of the opinion that a strike will not be declared, every company is making preparations to resume work in the mines in case a strike should be declared at the convention which will be opened in this city Thursday.

## SAN JOSE BANKS ALL RESUME.

CITY SHOWS ITS SANITY IN FINANCIAL ACTIVITY.

Number of Those Who Deposited Seems Greater Than Those Who Draw Out Funds—Streets Being Cleared and Repairing Going on. All Business Houses Again Open.

(BY THE ASSOCIATED PRESS—A.M.)

**SAN JOSE**, May 1.—The sanity and level-headedness of this community was exemplified this morning when for the first time since the earthquake the banks of the city resumed business. At exactly 10 o'clock the doors of the city banks were again open, and the day all who were equipped with money.

## WARS AWAY POLICE KILLED.

(BY THE ASSOCIATED PRESS—P.M.) **WARSAW**, May 1.—Three policemen were killed in the streets during the night, but the threatened May Day outbreaks have not materialized.

## FIGHTING IN ARCHAEL.

(BY THE ASSOCIATED PRESS—P.M.) **ARCHAEL (Russia)** May 1.—Street fighting occurred here today between manifestos and the police and troops, during which the chief of police, an officer and four soldiers were wounded.

## BUDAPEST SOCIALISTS.

(BY THE ASSOCIATED PRESS—P.M.) **BUDAPEST**, May 1.—Five thousand Socialists made a demonstration here today. There was no disturbance.

## HYDE PARK DEMONSTRATION.

(BY THE ASSOCIATED PRESS—P.M.) **LONDON**, May 1.—Eight thousand men and women took part in labor demonstrations in Hyde Park this afternoon. Complete order prevailed.

## MADRID'S ORDER PERFECT.

(BY THE ASSOCIATED PRESS—P.M.) **MADRID**, May 1.—The workmen here paraded today in perfect order. The labor demonstrations in the provinces were not of a violent character.

## IN GERMAN CENTERS.

(BY THE ASSOCIATED PRESS—P.M.) **BERLIN**, May 1.—5:50 p.m.—May Day assemblies of workmen were larger in Berlin and the industrial centers of Germany, today, than for several years previously, but no disorders so far have been reported.

## ROME DID NOT HOWL.

(BY THE ASSOCIATED PRESS—P.M.) **ROME**, May 1.—May Day passed off quietly. Workmen's meetings were held in all the large towns, and many inflammatory speeches were delivered, but no disorders have yet been reported.

## MAY DAY IN AMERICA.

**PEACE AT MOUNT CARMEL.** (BY THE ASSOCIATED PRESS—P.M.) **MOUNT CARMEL (Pa.)** May 1.—Absolute quiet prevails here, this morning, following the shooting of a number of foreign miners by a detachment of State constabulary yesterday. None of the victims is dead, but four are thought to be fatally injured.

Lieut. Smith and his troops are at the Bayre colliery, and Sheriff Joseph Sharples telephoned to the lieutenant that he was unable to get transportation to the Soldiers' Home, cut an artery today. For twenty-eight years, it is stated, he was gardener for Lehigh and Stanford, the California millionaires.

## STEAMSHIP COMPANY'S ISSUE.

**NEW YORK**, May 1.—Directors of the International Steamship Company today voted to issue \$2,500,000 additional preferred stock and \$5,000,000 additional common stock, the proceeds to be used for the purchase of the Power and Mining Machine Company.

## HALF MILLION SENT IN MAIL.

(BY THE ASSOCIATED PRESS—P.M.) **SACRAMENTO**, May 1.—Gov. Pardee has declared Wednesday, May 2, a legal holiday.

# LIGHTING THE CITY.

From the Darkness Good Cheer.

San Francisco Also Rejoices in Restoration of Her Trolley Car Service.

Six Phone Lines Reach All Principal Points, and From Oakland the State.

Fireman's Fund Is Paying Enormous Losses in Full. Business Is Brisk.

(BY DIRECT WIRE TO THE TIMES.)

**SAN FRANCISCO**, May 1.—[Exclusive Dispatch.] Two events today in the restoration of normal conditions here did much to cheer the populace. They were the almost complete restoration of service on the trolley lines and the illumination of the entire unburned district of the city at night.

With the opening of the Turk-street car line and its connections, passengers in the residence district were enabled to make the trip from the entrance to Golden Gate Park direct to the ferry. Tomorrow, the Ellis and Eddy-street lines will be in operation, and cars also will be running to the beach.

About 800 are lights illuminated the unburned section of the city tonight. Next to the resumption of the street car service, the restoration of street lighting has probably accomplished more in the direction of restoring good feeling and confidence among the people of the city than any other act since the big fire.

Today the San Francisco

## GOOD FAITH IN INSURANCE.

The insurance situation has been given a decidedly encouraging tone by the formal announcement that the Fireman's Fund, the great insurance corporation of the West, with its satellite companies, the Home Fire and Marine and the Pacific Underwriters, would pay all its enormous losses in full. It has long been an insurance legend that the Fireman's Fund was the first to pay off after the Chicago conflagration, and that its great prosperity was founded on that fact. The company's announcement is in the following terse language:

"The Board of Directors of the Fireman's Fund Insurance Company announces that the company is amply able to pay all its liabilities accruing under the policies involved in the great San Francisco conflagration, and at a meeting held April 27, 1906, unanimously instructed its officers to pay all claims as adjusted, and continue business as usual."

[Signed] "WM. J. DUTTON, President."

Wholesale and retail merchants are rapidly effecting a restoration of business conditions. The wholesale houses will be housed alongside the line of the Southern Pacific, a committee appointed by Joseph Kirk, chairman of their body, having arranged with William Sproule, the freight traffic manager of this railroad company, for the occupation by the wholesale dealers of certain territory lying three blocks south of Townsend street.

## THE LOCATION.

This railroad ground is bounded by Sixth, Seventh, Irwin and Bureka streets and the space there amounts to about 753,000 square feet. It is certain that all of it will be taken for wholesale houses. The blocks allotted for the use of the wholesalers will be leased by the Southern Pacific on reasonable terms. The wholesale houses which have already signed for space number seventy-two.

The Board of Trade will also have temporary quarters in this wholesale district. Haas Brothers, grocers; Langley & Michaels, druggists; and other wholesale firms have secured space for themselves and started the erection of temporary structures without waiting for other houses to act.

## PERMITS TO RETAILERS.

Retailers are speedily getting into position to resume trade. Chairman Wittman of the Committee on Retail Trade reports that permits to open have been granted to forty-four butchers, twenty-nine restaurateurs, twenty-two bakeries, twenty-two fruit and vegetable stands, nine dairies, fifteen refreshment parlors, fifty-three groceries, and seventy-one miscellaneous establishments, including those of tailors, plumbers, dry-goods dealers, druggists and cigar dealers, one hundred in all.

The demand for store space on Fill-

more street and neighboring thoroughfares continues. Many establishments will be opened on Van Ness avenue, which seems to have a future as a business street. Filmmakers and Devildero streets are now the commercial centers.

**SIX TELEPHONE LINES.**  
Telephone service is gradually being restored. Six lines have been completed to Oakland, and from that point communication can be had with any of the interior towns and cities of the State. Lines are now being run to the Courthouse, postoffice and offices of the Harbor Commissioners; the railroads of the union and Rialto Iron Works and other local points. A public telephone station, has been opened at Pine and Steiner streets. There are about one thousand telephones in service in this city, and as soon as the company gets power from the electric plant it will restore all telephone service formerly connected with the West and Park offices. These offices were not destroyed.

**NEW CITY HALL.**  
San Francisco is to build a new City Hall at once, a temporary structure, but one which will do away with the necessity of paying the high rent rates which the owners of property available for municipal use seem inclined to charge. The first step taken was the giving of instructions to Clerk George B. Keane of the Board of Supervisors, yesterday, to make a list of all available city lots which seem suitable as sites for the building. The first favorite among such possible sites is the block bounded by Van Ness avenue, Hayes and Franklin streets, purchased piecemeal during the last year from its individual owners as a site for the new public library building.

Contractor C. E. Low, who a few days before the fire, was awarded the contract for the reconstruction of the Geary street roadbed is ready to begin operations as soon as the city gives the word. He offers to employ 1000 men; feed them and care for them while the work is in progress. A rumor has been abroad that the \$50,000 set apart for this work and now in the city treasury might be diverted into the general relief fund. The Mayor sees no reason why this should be done, even if it should be legal, which he regards as extremely doubtful.

**DECEIVING SIGNS OF HEARST SEEN.**

**B. FAY MILLS, BULLSTICKER, IS BUSY IN OAKLAND.**

Refugee Camps Maintained by City Claimed by Yellow "Philanthropist" in Glaring Banners Labeled "W. R. Hearst." Close Inspection Necessary to Reveal Fraud.

**OAKLAND, May 1.**—[Exclusive Dispatch.] Since Rev. B. Fay Mills got mad and peddled at home, there have been new faces at the window. Today, the Hearst sign came down from the Oakland Chamber of Commerce. When Mills first struck town after the fire he fought like a wildcat to have an entire separate headquarters through which all Los Angeles supplies should go, intending, of course, to place the W. R. Hearst sign over all.

When that upon, he raised the cry that it was because Oakland wanted to steal Los Angeles goods. They finally gave him part of Secretary Stearns' office in the Chamber of Commerce. There, he established his Los Angeles headquarters, as a member of the Los Angeles Chamber of Commerce. But he placed on it the enormous label "W. R. Hearst." Sending some kids to a camp run by the Salvation Army and supported by the same, he labeled that place "W. R. Hearst Camp." This statement was made to me by a Salvation Army captain.

His last stunt is his best. This was too good for B. Fay to have thought of alone. All over Oakland are big posters announcing "W. R. Hearst Camp at Adams Point." Oakland rings with the announcement that the government intends soon to close the Los Angeles camp. At first sight, it looks as though Uncle Sam is turning all over to Willie Hearst. Why old B. Fay!

**BUT NOT WILLIE'S.**  
The first sight of the camp confirms the impression. It is magnificently situated, on a hill overlooking a picturesque arm of the bay. Under the shadow of the big sign, "W. R. Hearst Camp," are two military camps—two companies of the regular infantry, Co. C and I of the Seventh Regiment. The camp which they guard is a splendid affair, with hospitals, detention hospital, fumigation places, etc. Refugees here do not live in tents but in snug wood houses of two rooms, with good straw beds. Well may the sign "W. R. Hearst Camp" confront you proudly. Great man, Hearst! Great man, B. Fay!

But let us approach the sign more closely. It says more than "W. R. Hearst Camp." When you get close, you see in much smaller letters, "Two blocks east." The whole sign is "W. R. Hearst Camp two blocks east." "Two blocks east" turns out to be a collection of dinky tents huddled together in the hollow under the hill. The splendid camp over which Mills placed this impudent sign belongs to the Oakland Relief Committee. The houses are made of Oakland election booths. Hearst has nothing whatever to do with it. Merely some of B. Fay's expert tagging. If any one wants a snoot, nifty bullsticker, he is to be hired.

**HEARST MAN ARRESTED.**  
Eight Persons Accused of Conspiracy in Connection With New York Election in Custody.

**NEW YORK, May 1.**—[Exclusive Dispatch.] Accused of conspiring to have forged names placed on the petitions by which William R. Hearst and other candidates of the Municipal Ownership League were placed in nomination, eight men were arrested today, having been indicted. Two others, also indicted, have been in custody for weeks. It was their confessions which led to the apprehension of the others.

**BARON KROUPENSKY'S POST.**  
BERLIN, May 1.—Baron Kroupensky, first secretary of the Russian embassy here, has been appointed counselor of the embassy of Russia at Washington, a position which has hitherto not existed.

## STATE UNIVERSITY HAS BEEN DAMAGED.

**Surprising Admission by President Wheeler—He Estimates Combined Loss at Million and a Half—One-Quarter of Teaching to Be Cut Off.**

[BY DIRECT WIRE TO THE TIMES.]

**BERKELEY, May 1.**—[Exclusive Dispatch.] When the news was telegraphed abroad after the earthquake that not a single building on University campus was damaged in the slightest degree, friends of the institution breathed sighs of relief and congratulations to the university authorities upon the escape from destruction of the university began to come in, the senders apparently being glad to discover one bit of light in the general gloom. Their congratulations, it now appears, were ill-timed. The university's loss is so great and so serious that the regents face a situation which, if not remedied or improved, will eventuate in the cutting down, next year, of at least one-quarter of the university's teaching work.

**LOSS \$1,500,000.**  
It will come as an unpleasant surprise to many when the news is heard that the University of California suffered a loss of \$1,500,000 as a result of the earthquake and fire, two weeks ago. These figures are official, and represent both the direct loss in buildings ruined and burned, and also the loss that will come through the reduction of the amount realized by the 3-cent State tax for the university's benefit.

President Wheeler gave to The

**SEEN IN NOSING ABOUT THE RUINS.**

**Picturesque Pathos of Penniless Pig-tails—John Chinaman's Meekness Means More Misery for Him—The Facetious Sign.**

[BY DIRECT WIRE TO THE TIMES.]

**SAN FRANCISCO, May 1.**—[Exclusive Dispatch.] This earthquake has given freedom to pathetic little slaves who probably never were on the street before in their lives. Several times in Oakland I have seen young girls of real Chinese aristocracy walking about the streets. One was a child of perhaps 17 years. Her hands were so delicate and fragile they seemed almost transparent, her black silk jacket and pantaloons were almost stiff with wondrous gold embroidery; her poor little feet were bound into lumps. She had to walk with a curious little crippled hobble. But she was so delighted at really being alive and free that she was giggling and snickering. The two girls with her showed their pebbled origin by their larger hands, coarser faces and their generous flat feet.

**CHINATOWN LOOTERS.**  
Gov. Pardee has called upon militia officers here for a detailed investigation of the Seventh Regiment men alleged to have been caught looting. A private said he saw people looting without hindrance, and picked up an old dish in the street for which he was put under arrest by the regular sentry. Without attempting to place blame on any one, it is a fact that attempts to prevent looting in Chinatown were very feeble. Nearly every morning, papers come out with the statement that looters will hereafter be shot on sight. Next morning, after the first of these bloodthirsty statements, I saw a man, staggering under the weight of loot, pass along the sidewalk within a few feet of three commissioned officers and four or five enlisted men on duty there. He was carrying a big Chinese jar four feet high. Close behind him came a girl carrying fifteen or twenty china cups, a scorpion, strung together so she looked like a junk dealer.

All day, Sunday, men peddled expensive china, burnt brown in the fire, openly at the ferry, howling their wares at the tops of their voices. No one interfered. Such relics bring three times their original value. Men wander desolately around the ruins watching white people lugging away their goods.

**LOST IN THE SHUFFLE.**  
Yesterday, one of them wandered away, sick at heart. I saw him stop where men were opening a safe on the street and become one of the crowd who pressed around us. The white people mused things but when a Chinaman picked up an inch-long piece of old iron, the sentry yelled at him. "I was just putting it in your pile of stuff," said the Chinaman in broken English. "Yes, it was a safe key, a safe expert, brutally snatching the iron from him. As usual, the Chinese are being shabbily treated in this disaster, and also, as usual, they are the best behaved, most industrious and most grateful of all refugees, except native born Americans.

**SCHMITZ AND THE GUARD.**  
An order that has come to light at military headquarters may perhaps account for some of the wrath of His Honor, Mayor Schmitz, against the National Guard. Just after the fire, Schmitz issued a sheaf of orders through military lines to his political friends. They got in automobiles and tore, half tipsy, up and down the streets like drunken sailors, until, at last, the adjutant-general issued a private order to set for military purposes every auto bearing a Schmitz pass. Unnecessary to say, Schmitz was wild.

**FACETIOUS SIGNS.**  
There would be a story in the signs sticking pluckily up from the ruins of

San Francisco. That of the John Fin Metal Works on Howard street is facetious. Painted on big canvas is a picture of an alarmed African making tracks for dear life, with an enraged lion just behind him. The sign says: "No time to lose before we move our new office at Second and Harrison streets."

Several lions have the signs: "Offices to rent in this building, to be completed in 1937."

**FAKERS A PROBLEM.**  
Fakers who are making a business of accumulating supplies on sympathetic stories are the most serious of present problems. Today a Portuguese family was exposed. They brought eight children from San Leandro, where there was no fire and no suffering. The fond papa went around with a push cart with his ragged family was exposed. They brought eight children from San Leandro, where there was no fire and no suffering. The fond papa went around with a push cart with his ragged family was exposed.

At Odd Fellows' relief station, so much clothing has been received that a wagonload of more was packed up and sent away to the rag man this morning.

## JAPAN'S AID IS ACCEPTED.

Contribution Declined by Government Not Turned Down by San Francisco.

[BY THE ASSOCIATED PRESS—P.M.]

**SAN FRANCISCO, May 1.**—It was decided today that the Citizens' Committee would accept all offers of aid from foreign countries. This decision was reached when a communication was received through Japanese official sources asking if the citizens would receive the contribution of 200,000 yen made by the Emperor of Japan and declined by the United States government. The Finance Committee held that San Francisco being essentially a cosmopolitan city, it was obliged to care for many destitute foreigners and that it would be proper, in these circumstances, to accept all outside tenders of assistance.

A telegram from Assistant Secretary of State Robert Bacon conveyed the information that the Japanese government had tendered the United States government 200,000 yen as a contribution and it was voted to accept this sum and all other contributions from foreign sources.

**QUAKE RESTORES PIONEER SPIRIT.**

**WAY MRS. ATHERTON VIEWS THE GREAT DISASTER.**  
Noted Novelist Says San Franciscans Have Been Shaken Out of Their Rut and That Calamity Will Lead to Adoption of Part of Burnham's Plan.

[BY DIRECT WIRE TO THE TIMES.]  
**SAN FRANCISCO, May 1.**—[Exclusive Dispatch.] Among those who suffered heavily by the fire in San Francisco was Gertrude Atherton, the well-known authoress, who lost the manuscript of 40,000 words of her new story which deals with pioneer life in this State. She also lost all her clothes and many rich furs which she had stored for safety in the cellar of the Occidental Hotel.

Mrs. Atherton was staying with friends in Berkeley when the earthquake came. Although she made desperate efforts she could not get into San Francisco, but finally hired a launch and reached Belvedere, where her sister lived.

Mrs. Atherton says she does not mind her own losses. What impresses her is the fact that the earthquake and fire have actually shaken all San Franciscans out of their rut and restored much of the vigorous and adventurous spirit of early pioneers who accomplished such marvels in empty building in '49, and the early forties. She thinks the disaster will work great good, as it will lead to the adoption of Burnham's plan for beautifying the city.

## PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

**CHICAGO, May 1.**—[Exclusive Dispatch.] Chicago got in the way of the western rainstorm this evening and received a thorough drenching, to the accompaniment of heavy thunder and electrical display. The humidity in the afternoon was so great that the atmosphere seemed to steam in the sun's rays. Maximum temperature 64 degs., minimum 45 degs. Middle West temperatures: Max. Min.

**SLATER FACED DEATH.**  
[BY DIRECT WIRE TO THE TIMES.]  
**MILWAUKEE (Wis.) May 1.**—[Exclusive Dispatch.] Imprisoned in a compartment of the City Water Company's street tunnel, under the Milwaukee River, with water slowly pouring in through a gap above his head and filling the lock in which he stood, John Slater, a laborer, faced death for nearly three hours this morning.

During the terrible ordeal, Slater lost his mind, raving like a maniac. **MRS. PLUNKETT'S REVENGE.**  
[BY DIRECT WIRE TO THE TIMES.]  
**ROBINSON (Ill.) May 1.**—[Exclusive Dispatch.] Samuel L. Bennett, a wealthy resident and part owner of the First National Bank, narrowly escaped death last night when his throat was slashed by a razor wielded by Mrs. Nora Plunkett, who claims Bennett wronged her. Mrs. Plunkett had been employed in the Bennett household for two years, against the protest of Mrs. Bennett.

**POLITICAL MEDDLING.**  
[BY DIRECT WIRE TO THE TIMES.]  
**DES MOINES (Iowa) May 1.**—[Exclusive Dispatch.] At the Republican convention in Hardin county to select delegates to the Congressional convention today, resolutions were adopted condemning Secretary of the Treasury Shaw and United States Senator Elihu for "meddling in Iowa politics."

**RED FLAG IN CHICAGO.**  
Collisions between the police and the Socialists in all parts of the city

**BITTER RABBIT DOG.**  
A bitter struggle between Chicago contractors and the associated building trades unions is predicted as a result of the decision tonight of the Bridge and Structural Iron Workers' Union to call a strike tomorrow against employers refusing to sign the new wage scale. It is probable that 15,000 members of the building trades unions will be drawn into the fight.

**WANT AT ONCE EXTRA SESSION.**  
LEGISLATURE CHIEF SUBCOMMITTEE OF GENERAL COMMITTEE.

One of the most important things desired by the extension of the Legislature to Ninety-Nine Years—City Charter Also to Be Examined for Conflicts.

[BY THE ASSOCIATED PRESS—P.M.]  
**SAN FRANCISCO, May 1.**—The urgent importance of calling an immediate session of the Legislature was the principal matter of discussion at this morning's meeting of the General Committee. After hearing the views of several members, the Mayor announced he would appoint a special committee of forty to confer with the other bodies recently formed, and that a full report would be presented to the Governor at once, setting forth the need of an early legislative session.

The real estate men, jurists, merchants and other bodies have appointed small committees that are now engaged in discussing the situation, with a view to calling on the Governor. The committee to be named by the Mayor will meet all these bodies Thursday morning, receive their reports and then call on Gov. Pardee.

One of the most important things that will be asked of the Legislature will be the extension of the term of office from five to nine years. It is expected that the Legislature will give the smaller land owners a chance to recoup their lost fortunes.

The committee will also examine the charter of the city and rearrange it so that nothing in its statutes may conflict with the work of the Legislature.

Turnover Mullally of the United Railways turned over yesterday's receipts, amounting to \$2,438.30. Attorney Reinsteiner made a motion that the company keep its receipts for its own use hereafter. This was adopted, with a vote of thanks for the good work of the railroad. Mr. Mullally said that cars are now carrying people all over the city, and that the power stations are all practically intact.

**WATER CONDITIONS IMPROVE.**  
The Water Committee reported conditions improving. More water is now in all the reservoirs. Inspector Dillman and a committee from the fire department were sent to the Spring Valley

## COIN IN TO

# GAINES NEEDS FREE SEEDS.

Voice of Tennessee Is Heard in Lower House.

Speaker Almost Unable to Keep Good Order.

Senate and Pike's Peak. Flint's Building Bills.

(BY THE ASSOCIATED PRESS-P.M.) WASHINGTON, May 1.—Mr. Sherman of New York, immediately after the approval of the journal of the House, asked unanimous consent to take the Indian Appropriation Bill from the Speaker's table, non-concur in the Senate amendment, and send the bill to conference.

Mr. Williams of Mississippi facetiously remarked that a girl in Arizona who has been asleep for seven weeks, on awakening found that the Statehood Bill had been passed longer time than that, and he therefore would have to wait upon his objection. The bill will be considered by the House.

Mr. Gaines of Tennessee again pleaded for free seeds, during which applause made the House a bedlam. Speaker Cannon wielded the gavel like a stone mason in trying to restore order, but above it could be heard the gentlemen from Tennessee vociferating that the people of his section should have free seeds.

The question was discussed by several other members, including Mr. Brooks of Colorado and Mr. Wood of Missouri.

(BY THE ASSOCIATED PRESS-P.M.) WASHINGTON, May 1.—The Senate today passed a bill authorizing the issuance of \$100,000 worth of medals to be sold in connection with the proposed Pike's Peak memorial exercises, to be held at Colorado Springs next September. The proceeds of the sale are to be devoted to the erection of a monument to Capt. Zebulon B. Pike, discoverer of the peak bearing his name.

Mr. Tillman presented another resolution asking the Committee on District of Columbia to investigate the affair of Mrs. Minor Morris at the White House last January, and it went over until tomorrow.

Mr. Flint offered bills for the restoration and repair of public buildings at San Francisco and in other cities injured by the recent earthquake, as follows: At San Francisco, postoffice, \$250,000; mint, \$50,000; appraisers' warehouse, \$15,000; subtreasury, \$35,000; Oakland, postoffice, \$15,000; At San Jose, postoffice, \$40,000.

(BY THE ASSOCIATED PRESS-P.M.) # HARRIMAN TALKS OF THE PANAMA CANAL.

(BY THE ASSOCIATED PRESS-P.M.)

SEATTLE (Wash.), May 1.—E. H. Harriman, president of the Southern Pacific and Union Pacific lines, addressing an audience of business men, last night, denied that he is opposed to the Panama Canal, but warned the people against what he termed the "anti-railroad agitation," which is now being pronounced throughout the country.

He said that while water transportation should be encouraged, the people must not forget land transportation, which is of greater importance. This is Harriman's first public utterance on the subject of the Panama Canal.

He promised the Seattle shippers

# EPISCOPAL FANES SUFFER WITH OTHERS.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, May 1.—[Exclusive Dispatch.] An old playmate of many Los Angeles young business men is doing great work in the relief camps here in a quiet, unobtrusive way—Rev. Frank Bugbee. He lived many years in Los Angeles until he left, a few years ago, for the Divinity School. He is assistant pastor of a church in Alameda. From him the following details were learned today, regarding the loss to Episcopal churches in San Francisco.

Good Samaritan Mission, Folsom and Second streets, of which Rev. J. P. Turner was pastor, was burned to the ground. This was a cathedral mission.

# TAFT REPLIES TO PHELAN.

Has No Power to Give Money to Committee.

Expenditures Authorized for Supplies Only.

Secretary of War Accounts for His Outlays.

(BY THE ASSOCIATED PRESS-P.M.) WASHINGTON, May 1.—The following telegraphic correspondence passed between Chairman Phelan at San Francisco and Secretary Taft at New Haven, Wash., April 29, 1918.

WASHINGTON: As the funds appropriated by the government are to be disbursed under your direction, the information having come to us directly from the President, we would respectfully request that you inform us to what extent, if any, the Finance Committee of the Relief and Red Cross Funds, which now has consolidated all funds, may expect to handle the government appropriation. We seek a concentration of funds and work for obvious reasons, and would be glad to serve in this or any other capacity. Dr. Devine will keep you advised of our work. We now need money and new supplies.

JAMES D. PHELAN, Chairman Finance Committee of the Relief and Red Cross Funds.

WASHINGTON, May 1, 1918.—James D. Phelan, chairman of the Finance Committee of the Relief and Red Cross Funds, and Secretary Taft, April 29, 1918.

LANE IN WASHINGTON. WILL SEE THE PRESIDENT. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON, May 1.—[Exclusive Dispatch.] Franklin K. Lane of San Francisco is in Washington. He is not making himself especially prominent, and does not seek to talk of his record. He will see the President in a day or two regarding his chances of becoming a member of the Interstate Commerce Commission.

It is believed that if the commission is enlarged, Lane will be confirmed without difficulty. Nothing will be done, however, until rate legislation is completed.

# MOYER-HAYWOOD PROTEST.

NEW YORK, May 1.—Two meetings of protest against the arrest of the miners, Moyer, Haywood, Pettibone and John, in connection with the plot against former Gov. Steunenberg of Idaho, who was murdered recently, were held in this city tonight. One was in Grand Central Palace, under the auspices of the Socialist and Trade-Unionists, associated under the name of "The Moyer-Haywood Protest conference," and the other in Cooper Union, under the auspices of the Socialist Labor Party. The red flag was prominent in the decorations at both places.

Gregory Maxime, the visiting Russian revolutionist, addressed each meeting. Resolutions denouncing the Idaho authorities and characterizing the arrests of the miners as "a capitalist plot" were adopted.

# DENTAL EXAMINATIONS.

(BY THE ASSOCIATED PRESS-P.M.)

OMAHA, April 30.—A statement issued from the offices of A. L. Mohler, general manager of the Union Pacific Railway, today, shows forty cars of relief supplies, mostly foodstuffs, en route today over that line for San Francisco. Of these, 28 originated in Nebraska, three in Colorado, and fourteen farther east.

St. Peter's church, at Stockton and California, Rev. David J. Evans, pastor, is the most beautiful ruins in San Francisco. The walls and roof are left standing, but the interior is gutted. Old Trinity, at Goff and Bush, Rev. Frederick W. Clappett, escaped without harm.

Seaman's Institute, No. 23 Stewart street, was destroyed.

Church of the Advent, Rev. Charles Lathrop, was destroyed. This was the high church of San Francisco, and the magnificent robes and communion vessels were in its ruins.

Among the saved churches were St. Paul's, St. Stephen's and St. James's. St. Peter's was burned, but was slight loss, as the building was about to be moved away, anyhow.

M. C. CARR.

St. Peter's church, at Stockton and California, Rev. David J. Evans, pastor, is the most beautiful ruins in San Francisco. The walls and roof are left standing, but the interior is gutted. Old Trinity, at Goff and Bush, Rev. Frederick W. Clappett, escaped without harm.

Seaman's Institute, No. 23 Stewart street, was destroyed.

Church of the Advent, Rev. Charles Lathrop, was destroyed. This was the high church of San Francisco, and the magnificent robes and communion vessels were in its ruins.

Among the saved churches were St. Paul's, St. Stephen's and St. James's. St. Peter's was burned, but was slight loss, as the building was about to be moved away, anyhow.

# TAFT REPLIES TO PHELAN.

Has No Power to Give Money to Committee.

Expenditures Authorized for Supplies Only.

Secretary of War Accounts for His Outlays.

(BY THE ASSOCIATED PRESS-P.M.) WASHINGTON, May 1.—The following telegraphic correspondence passed between Chairman Phelan at San Francisco and Secretary Taft at New Haven, Wash., April 29, 1918.

WASHINGTON: As the funds appropriated by the government are to be disbursed under your direction, the information having come to us directly from the President, we would respectfully request that you inform us to what extent, if any, the Finance Committee of the Relief and Red Cross Funds, which now has consolidated all funds, may expect to handle the government appropriation. We seek a concentration of funds and work for obvious reasons, and would be glad to serve in this or any other capacity. Dr. Devine will keep you advised of our work. We now need money and new supplies.

JAMES D. PHELAN, Chairman Finance Committee of the Relief and Red Cross Funds.

WASHINGTON, May 1, 1918.—James D. Phelan, chairman of the Finance Committee of the Relief and Red Cross Funds, and Secretary Taft, April 29, 1918.

LANE IN WASHINGTON. WILL SEE THE PRESIDENT. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON, May 1.—[Exclusive Dispatch.] Franklin K. Lane of San Francisco is in Washington. He is not making himself especially prominent, and does not seek to talk of his record. He will see the President in a day or two regarding his chances of becoming a member of the Interstate Commerce Commission.

It is believed that if the commission is enlarged, Lane will be confirmed without difficulty. Nothing will be done, however, until rate legislation is completed.

# MOYER-HAYWOOD PROTEST.

NEW YORK, May 1.—Two meetings of protest against the arrest of the miners, Moyer, Haywood, Pettibone and John, in connection with the plot against former Gov. Steunenberg of Idaho, who was murdered recently, were held in this city tonight. One was in Grand Central Palace, under the auspices of the Socialist and Trade-Unionists, associated under the name of "The Moyer-Haywood Protest conference," and the other in Cooper Union, under the auspices of the Socialist Labor Party. The red flag was prominent in the decorations at both places.

Gregory Maxime, the visiting Russian revolutionist, addressed each meeting. Resolutions denouncing the Idaho authorities and characterizing the arrests of the miners as "a capitalist plot" were adopted.

# DENTAL EXAMINATIONS.

(BY THE ASSOCIATED PRESS-P.M.)

OMAHA, April 30.—A statement issued from the offices of A. L. Mohler, general manager of the Union Pacific Railway, today, shows forty cars of relief supplies, mostly foodstuffs, en route today over that line for San Francisco. Of these, 28 originated in Nebraska, three in Colorado, and fourteen farther east.

## Broader, Better Values For The Third Day

A \$50,000 stock is a mighty big purchase and El Paso is quite a distance from Los Angeles. It's just another illustration of the strength of the buying organization of the Broadway Department Store. It is in close touch with all mercantile events and always on the alert. Thirty-one departments representing the stock of this big El Paso, Texas, store, means more than a mere smattering of bargains here and there—it means vast assortments and practically unlimited quantities in many lines. The vigorous selling of the past two days is a criterion of the goodness of this sale. Women who know and appreciate values are buying, buying liberally, buying for now and future needs. And why not, when you consider that they are getting just the merchandise they want and saving a half or more? We haven't told you all the good things to be expected; today we will have a new program, better and more liberal bargains. You can't afford to miss a single day. Watch the windows, watch the ads. and plan to do all your buying at this sale.

### Men's \$1.00 Shirts 50c

Gold shirts for men; made of fine quality madras cloth; mostly all sizes; regular \$1.00 values; these are from the El Paso stock. On sale today, aisle 8, each, 50c.

They're from the El Paso stock; made of good muslin; trimmed with lace or hemstitched ruffles; cut full; well made; exceptional value at 25c. Today, on the second floor, and they'll go quickly at the price, pair, 15c.

### LIFE IN NEW SAN FRANCISCO.

Wild West Flavor Apparent and Not Unpleasant.

Sights on Fillmore, the Present "Market Street."

Hammer and Saw, Razor and Lade Outdoors.

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, May 1.—[Exclusive Dispatch.] Life as it is being lived in parts of San Francisco, today, is as nearly suggestive of some new mining camp without saloons and poker games as may well be imagined. Many nondescript habitations have been patched together, and the sound of hammer and saw is constant. There is suppressed excitement, activity and a "make-the-best-of-it" air abroad.

I spent the morning on Fillmore, the present-day Market street, in the city, mingling amid the throng and turmoil of onlookers, the homeless and those on business bent. For this street, a couple of weeks ago today but one of the small veins of San Francisco's commercial system, has suddenly become the chief artery for retail trade. Business men are scrambling to secure temporary locations in the limited territory. Property owners in the locality, too, have picked up their ears, and are so alive to the situation that the speculative is supplanting the conservative.

**RENTS ADVANCE.**  
Rents have been advanced. Nine-room houses that ordinarily would not bring half the money are finding takers at \$125 and more a month. Signs are posted in places advertising land for lease, and many private houses have been turned into business offices, the "rooms to rent for office purposes" signs adorning many houses. From Fell to California streets, in fact, the Fillmore boom microbe is in the air.

You will be informed by some of the real estate agents that hundreds of dollars per front foot have been paid for leases by some of the larger firms, and that the new retail business district will center in this locality. This is not considered seriously by the many conservative members of the Board, who admit, however, that the width and location of Van Ness avenue will undoubtedly call for settlement there. A reputable agent says that the southeast corner of Van Ness and McAllister, 120x100 feet, had just been leased by the Sloans for \$250 per foot a month, with restrictions that there would be no subletting by the lessee after the building is erected.

### FILLMORE'S OPPORTUNITY.

Fillmore is a narrow street, but has car service, and because it was the only available street outside of the burned district, and also since Franklin Hall, Ambush and Fillmore streets, was converted into a City Hall after the earthquake, it has drawn the crowd temporarily. But the proximity of the water front and the large number of loans carried by the city banks on property in the burned district, it is said, will have much to do with the rebuilding in the old locations.

**"NEWSPAPER ROW."**  
Nevertheless Fillmore street is "it" today. "Newspaper Row" is there, the several dailies having enough space in their local 4x6 offices to keep a desk and chairs, a typewriter and want-ads spindle.

**POLICE HEADQUARTERS.**  
One ceases to wonder at the location of police headquarters in a former saloon at Ambush and Fillmore streets, when a long string of cable cars, not far away on Butler street, are seen to be occupied as relief headquarters.

**CARMEN'S PAY.**  
The paymaster for the United Railroad, from his office in a street car at Turk and Fillmore, has been paying off the employees today for the week ending April 14, in blackened gold, cherished of the sovereign, but I saw two motorists suspiciously wondering "How it would pass" until quieted by a companion, who told them to go home and use gold dust.

**STREET FOOD VENDORS.**  
No fault can be found with the prices charged for food and soft drinks by the vendors at the stands located every few feet along the street. Sandwiches are 5 cents; soft drinks, 5 cents; apples, two for 5 cents; a glass of milk, 5 cents, and hard boiled eggs, three for 10 cents, and the stands are doing a rushing business.

The few street cars running are jammed constantly, people on the roof and sticking to the sides and ends like barnacles to a ship. The little outdoor kitchens are doing business on the sidewalk in front of every house, no fires of any kind being allowed in the homes yet. These kitchens, a necessary but unique innovation, are in many cases fearfully and wonderfully made. They cook the porridge and soup as well as a Waldorf range. One Fillmore-street restaurant chef was running his range full blast this noon on the sidewalk in front of the cafe, from which the waiters were rushing out with their orders for roast, vegetables and entrees. The oven was stuffed with joints of beef, lamb and veal, and the top covered with bubbling pots and kettles. The aroma was tempting, and the restaurant was crowded.

**ENTERPRISING BARBER.**  
One enterprising barber has set his chair up in an alcove off the sidewalk and is busy shaving and cutting from morning till night. There seems to be a demand for

### everything in staple lines, and many are already starting as small tradesmen, to recoup lost fortunes.

**WINNERS ON TAP.**  
One sandwich man on Market street has added to his stock a tempting line of "Wieners" which he has dangling in strings from the crossarms of a dismantled gas post.

Eddie Graney, the smithy and noted ring referee, signed "Princely," a rough board shop on Van Ness avenue, near Market street, where he is lighting cigarettes from glowing horseshoes, red hot from the forge.

ARTHUR M. DOLE.

### GAPON HAS PAID DEATH PENALTY.

ADDITIONAL CONFIRMATION OF THE EX-PRIEST'S EXECUTION.

His Lawyer, However, Receives Letter Announcing That Writer Knows of Whereabouts of "Red Sunday's" Chief Figure—Witte May Be Dismissed on Eve of Battle.

(BY THE ASSOCIATED PRESS—F.M.)

ST. PETERSBURG, May 1.—In spite of the announcement of the police that they have definite information confirming the reports of Father Gapon's assassination, Attorney Margolin has received a letter, signed "Princely," announcing that the writer knew the former priest's whereabouts and in a few days would send the lawyer a dispatch. At the same time, the wife of Ruelenberg, the engineer who offered to betray the secrets of Father Gapon's organization to the government, published an open letter saying that the charge that her husband murdered Gapon is a calumny.

Additional confirmation, however, of the truth of the story of Gapon's execution was received today. It consisted of a copy of the sentence of death passed by the revolutionary workman's tribunal and was mailed, like Gapon's portfolio, from Berlin, to Margolin, the former priest's lawyer. The document gave details of Gapon's offenses and closed with the laconic phrase: "The sentence has been executed."

In a long preamble justifying the execution it is set forth that the workman's tribunal had incontestable proofs of Gapon's secret relations with various members of the police, whose names are given, to whom he promised to betray the revolutionists if allowed to rejoin his organization.

**WITTE'S FATE UNCERTAIN.**  
Yesterday the Emperor may have decided to accept Premier Witte's resignation, but until the fact is published in the official messenger nothing is absolutely certain. You can say, however, that Count Witte desires to go. He is worn out with the struggle. Nevertheless, the situation at Tsarkoevo changes with unexpected rapidity. A few hours may see the official proclamation of Count Witte's retirement or on the contrary the dismissal of Interior Minister Durnovo. The above authoritative statement was given to the Associated Press today. The moment is certainly critical.

**Chinese Mission in Dire Straits.**  
NEW YORK, May 1.—An appeal for prompt financial assistance for its Chinese mission in San Francisco has been received by the American Missionary Association. This appeal came in a letter from Rev. W. C. Pond, superintendent of the mission. It says that the Central House Mission was destroyed by the earthquake and fire, and that the stock has been scattered and that those to whom the superintendent would have turned for their annual subscriptions to meet the April salaries are themselves disabled.

### Remember Kindness With Cash.

SAN FRANCISCO, May 1.—The Tenth Regiment of Pennsylvania Volunteers, which was camped in this city at the time of the Spanish War, has sent a donation of \$10,000 to the relief committee. In a note, the officers told how well they were treated by the people of San Francisco during their sojourn here, and as a token of appreciation they made up this handsome purse to help out the big-hearted people of this city.

### Americans in Liverpool Give Aid.

LIVERPOOL, May 1.—At a meeting of citizens of the United States held yesterday at the American Consulate, a committee was appointed to collect subscriptions for the fund started at London by the American society for the sufferers by the San Francisco disaster.

### You Can Pay \$50 Down And \$10 a Month

Clarkdale is the most popular suburb today. Its location on the Venice Short Line is ideal. There is a delightful sea breeze all summer long. You are equidistant from your place of business and the delights of the beach.

There are also large irregular shaped lots fronting on Washington boulevard, and 60 to 70-foot lots on the Sixteenth street car line, at prices equally reasonable.

There is a well planned business section.

218 WEST THIRD STREET.

OREGON OUTLAW  
SHOT TO DEATH.BLOODHOUNDS LEAD TO LAIR OF  
DESPERADO SMITH.

Member of posse gets within three feet of fugitive and lighting gun play results in bullet going through hunted man's head.

(BY THE ASSOCIATED PRESS-P.M.)

OREGON CITY, May 1.—Frank Smith, the desperado who killed Police Officer Hanson of this place last week, and who later killed Sheriff Shaver and Capt. Henderson of the Oregon National Guard, was killed today in the woods south of New Era, Clackamas county. Smith was surprised in a thicket, where he had hidden, and was shot through the head before he could use his own weapon.

Harry Draper of Spokane, one of the pursuing posse, had his two bloodhounds in leash and they were leading him through the woods on the trail of the outlaw. The dogs led Draper within three feet of the outlaw, who was crouching behind a log, before Draper saw him.

"Are you Smith?" demanded Draper. "Yes," was the answer, and as Smith made reply he attempted to draw his revolver from the inside of his coat. Draper was quicker, and with his own weapon sent a bullet crashing through Smith's temple.

Smith appeared in the village of Canby early today and begged for bread at a bakery. He left immediately but within a short time a posse of men was organized and following his trail. Draper with his bloodhounds was a member of the posse.

WIFE MADE GOOD.

Said Amount of the Checks to Which Her Husband Had Forged Her Name.

Even though he is accused of forging a dozen checks and the fact that the police have evidence upon which it would seem he could be convicted, Howard Smith Rogers is still free, and unless the officials of the Southern California Savings Bank act, he probably will not be arrested. It is alleged that he has signed the name of his wife to many checks, some of which have been held up as forgeries by various banks, but finally his wife came to his rescue and made good the amount of the bad checks.

Detectives have been working on the case for some time and he has evaded plenty of evidence, but the case is peculiar because Mrs. Rogers, who is a trained nurse living in Pasadena, cannot testify against her husband, and the man would be able to say he had her permission to sign her name.

Mrs. M. B. Rogers, living at No. 527 West Seventh street, called at the Central Police Station yesterday to make a complaint. She cashed a check for \$5 for Rogers, and it was returned by the bank marked "Forgery." Mrs. Rogers has placed her side of the case in the hands of an attorney, but everything hangs on the action of the bank officials.

MUST FACE TRIAL.

Warrant Out for Motorman Butts, Who Ran Down Little Mary Raulston.

Dist. Atty. Fleming issued a warrant yesterday for the arrest of Motorman E. G. Butts, charging him with gross carelessness and involuntary manslaughter. Butts was running the car which, on April 18, crushed the life out of little Mary Raulston, the nineteen-month-old daughter of Mr. and Mrs. Joseph L. Raulston of No. 337 Wall street.

The little girl had been allowed to go out into the yard to play by her mother in the afternoon, and had toddled across the vacant block next her home toward the candy store on the corner of Thirty-seventh street and Maple avenue. While she was attempting to cross the street the car, driven by Motorman Butts, rushed down upon her and killed her almost instantly, and then horribly mangled her little body.

The coroner's jury rendered the usual verdict of accidental death, but an investigation on the part of the District Attorney's office convinced Fleming that the motorman was guilty of criminal carelessness, and so the warrant was issued.

At the coroner's inquest Butts testified that he first saw the child on the track about thirty feet ahead of the car, and that he instantly threw on the air and reversed, but was unable to stop. Witnesses who were on the street and also on the car stated that in their opinion the child could be seen on the track for some distance, and the motorman first rang his gong, thinking some one would stop up, and that he then proceeded to declare that had the motorman used ordinary precautions when he first saw the little one in danger her life would have been saved.

Witnesses also swear that the car traveled eighty-eight feet after the motorman first tried to stop, or rather slow up, and that the body of the little girl was taken from the front of the forward truck twenty-three feet from the point where she was struck, the car having dragged her that far. Butts was not arrested last night, but probably will be apprehended today.

EASILY "TOUCHED."

G. Major Tabor Is Relieved of Five Hundred Dollars in Elevator. Could Identify Money.

Somebody got money easily last night when \$500 in \$50 bills was taken from the pocket of G. Major Tabor, private secretary to Gov. Borden. Tabor is positive that the robbery was committed while he was ascending in the elevator in the Laughlin Building. He had just returned from the First National Bank and missed the money as he entered the rooms of his employer. He telephoned the police, and the detectives who were put on the case are making a careful search for \$50 bills bearing certain numbers. Tabor has no idea who the man was who committed the robbery, but says he can identify the money if it is recovered.

TAKES THOUSAND CIGARS.

Supposed Solicitor for Photo Concern Walks Into Store and Coolly Helps Himself.

George Winters, supposed to be a solicitor for a photograph engraving concern, walked into the store of J. J. Ganns at No. 234 Commercial street, last evening, and while the proprietor's back was turned, stole 1000 cigars from the case.

Ganns was suspicious of the man from the time he entered the store, and consequently kept his eye upon him. When the proprietor discovered that the man was pilfering the cigar case, he communicated with the police department. Detectives Dixon and Smith came to the store and arrested the

man. The police are of the opinion that Winters is a man long wanted for similar crimes throughout the State. There has been a number of fake solicitors arrested during the past few weeks, and Winters is known to be one of the slickest of the lot. It is said that he has been working the residential district of the city, asking for customers for his alleged photographic concern.

DRAGNET RAID.

REFUGEE CROOKS CAUGHT. In a raid on a New High street dive yesterday two men and three women, whom the police were after, were arrested, but "Diamond Steve," the worst crook of the gang, escaped.

Those captured are from San Francisco, and the police believe could solve the mystery of many robberies reported last week. "The Piker" and the "Yellow Kid," both well-known San Francisco crooks, were captured, and with them three women. They gave the names of Frank Smith, T. Mountain and Miss Vickie Dominguez. Gerlie Walker and Rose Clark. They are held pending an investigation, and then will be ordered to leave town or charged with vagrancy, if it is found impossible to make more serious charges stick.

MANY ROBBERIES.

REFUGEES SUSPECTED.

The following reports of robberies were given out by the police yesterday: Henry Klein, No. 608 East Fifth street, hung his coat in his room while he stepped into the bathroom. In the coat was a purse containing \$460. When he returned to the room the coat and money were gone.

A thief took from the room of G. L. Gallardo, No. 333 Clay street, a ring set with five emeralds and eighteen cut diamonds, valued at \$350. Herbert Wangelheim, No. 2445 South Spring street, was robbed of an overcoat and a suit of clothes.

CAPTAIN OF DETECTIVES PLAMMER SAID

yesterday that there was not the slightest doubt but that the many robberies now being committed in the city were the acts of crooks who looked here from San Francisco on the refugee trains.

EMBALMING FLUID IN LUNGS.

PATRICK HEARING TESTIMONY.

(BY THE ASSOCIATED PRESS-P.M.) NEW YORK, May 1.—The effects of the embalming fluid in concealing evidence of death by inhaling chloroform was the subject of expert testimony today at the hearing of Albert T. Patrick's motion for a new trial on the charge of murdering William Marsh Rice of Texas.

Dr. A. T. Weston, a coroner's physician and a witness called in Patrick's behalf, said that he had injected embalming fluid into the lungs of twelve persons before making an incision of the lungs. Although none of these persons had died of inhaling chloroform, he was satisfied, he said, that the embalming fluid made entry into the lungs, and would make it difficult to determine whether death had been caused by breathing any irritant vapor, chloroform included.

More Policemen.

Fourteen men were drawn from the Civil Service Commission eligible list for patrolmen yesterday, fitted out with clubs and stars and put to work on the various watches. This squad is out a small part of the force of extras who are to be put to work during the week.

SEEK HIDDEN GOLD.

Cask of Precious Metal Supposed to Have Been Stolen and Buried in Indian Territory.

[Vinita Chieftain:] During the closing years of the Civil War, when the Indian Territory was the habitation of scores of lawless bands who lived by pillaging the country, a cask of gold was taken from a party of soldiers on their way to Fort Gibson, and buried somewhere in the vicinity of what is known as Willow Springs.

Upon the arrival of the soldiers at the fort without the gold, a large detachment of soldiers was sent out against the bands of outlaws. A battle ensued, in which all of the outlaws were killed except one. This one was sentenced to a life term in the penitentiary at Fort Leavenworth.

Hope had never faded from this man, and he expected some day to be pardoned and then return for the hidden treasure. As the years rolled by, however, the confinement broke this man in, and a few weeks ago he passed away in his cell in the government prison. Before he died, though, this man told his attendants the story of the robbery and as nearly as possible where the treasure was buried.

A party has been in the Willow Springs country for several weeks searching for the lost gold, but no trace has been found. So much faith has been pinned to the dying man's story, though, another search is to be instituted. The previous hunters have been persons entirely unfamiliar with the country, but now one of Vinita's young men, who has lived near Willow Springs since childhood, will be employed, and a thorough search made.

"Show him in," said the gas magnate, and the inventor entered confidently.

"Sir," he began, "I have here a patent gas meter. This meter, while the gas is burning, acquires such momentum that it keeps going right and on after the gas has been turned off, and thus—"

"In what respect, though," he demanded, "does it differ from our old meters?"—[Minneapolis Journal.]

Rich in Nutrition,

Easy to Digest

Malta-Vita Is the Perfect Food for Children and Grown Folks.

We know of no other food so rich in nutrition and so easy to digest as Malta-Vita, the perfect whole-wheat food.

One of the foremost educators in Ohio recently said: "For ten years I have almost everything in the way of pain and misery and was unfit for business from the worst form of indigestion and constipation. I suffered agony from sick headache, lasting sometimes two or three days. There were but few weeks during the ten years past that I did not have an attack of sick headache. A year ago I tried Malta-Vita and have eaten it almost every day since—sometimes three times a day. My constipation is almost wholly removed. If I have a light attack of sick headache once in two months, I count it frequent. I am constrained to give my diet the credit."

Malta-Vita is appetizing in the morning, at noon and at night. It puts a tingle of new life into sluggish blood, builds up bone and muscle, refreshes the brain and nerves.

And Malta-Vita is so good to eat! One dish of it, with a little milk, cream or fruit, starts the day just right. All grocers sell Malta-Vita—so delicious it melts in the mouth, so crisp, so refreshing, so satisfying that no other food can take its place. Always ready to eat.

## Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I am of a nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

MRS. F. E. KARL, Detroit, Mich.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 cents. Never sold in bulk.

**Miles Medical Co., Elkhart, Ind.**

## POND'S EXTRACT

### BABY'S TENDER GUMS

Pond's Extract keeps baby's tender gums in perfect health and comfort during the painful teething period, quickly soothing and subduing the inflamed condition.

Hardens the gums, prevents their bleeding, cures canker spots and sore mouth, removes bad taste and makes an excellent mouth wash for old or young. Removes inflammation, internal and external.

Which is not the same thing. On analysis of seventy samples of "Which" is often offered as "the same thing"—fifty-two were shown to contain wood alcohol or formaldehyde or both. These are dangerous to the health.

Save health and money by using K.C. Baking Powder. 25 oz. for 25 cts. All grocers.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The Board of Public Works yesterday promised to discontinue the sale of sewage for irrigation in and about the village of Inglewood; residents protested that the sewage brings an annual epidemic of typhoid fever.

A cloud of mystery envelops the examination papers of Rev. C. J. K. Jones, director of research of the city library.

Politics and civil service are mixing badly in the opening of the county campaign at the City Hall.

Owing to the continuance of legal holidays by proclamation of the Governor, the expiration of the time for paying taxes is postponed for each succeeding day.

The monthly reports of the county officials were filed yesterday, and with-out exception they show a steady increase in the prosperity of the county.

A young bride, who recently married here, applied to Constable Cline to help find her lost or strayed husband.

## AT THE CITY HALL.

### END OF SEWAGE FOR INGLEWOOD.

#### BOARD WILL REPAIR THE OLD OUTFALL SEWER.

Residents Protest That City's Waste Brings Annual Epidemic of Typhoid—No Relief for Vernon District Until New Conduit Is Finished.

The Board of Public Works has promised to put a stop to sewage irrigation in and about the pretty little suburb of Inglewood. For years the village of Inglewood has suffered annually from typhoid fever.

Threatened with a number of damages suits, the city, through the Board of Public Works, is finally making arrangements for dumping the sewage nearer to the ocean. The board decided yesterday to notify ranchers and truck gardeners along the line of the outfall that, at the expiration of ninety days, the delivery of sewage to Inglewood for irrigation will be discontinued.

This time the Inglewood Water Company joined with the residents of that village in the request that sewer irrigation cease. Property has been passing in one side of Inglewood on her journey between the city and the sea, and it is because she could not abide the blue fogs that rise with the sun from the sewage beds.

The Inglewood Water Company owns several hundred acres of land in and about Inglewood. The directors of the company have reached the conclusion that its broad acres are more valuable for residence property than for farm and garden land. Yesterday Attorney Hickox, representing the water company, notified the board that his company will not use any more sewage for irrigation. He asked that the sewage be cut off from all other land in and about Inglewood.

To this the board gave a ready consent, provided the city is bound by no contracts, written or implied, to continue to deliver sewage to the city. A question of legality has been referred to the City Attorney.

"It looks to me like a step back into barbarism to use sewage for irrigation," said President Anderson. "I regret that the new outfall is not completed so that we could stop the use of sewage everywhere."

One reason that the delivery of sewage for irrigation purposes has continued for so long is that the present outfall is not large enough to carry all the city's waste water to the ocean. The tunnel between Inglewood and the ocean is in a bad condition. But the Inglewood company has agreed that the city may dump the sewage on a portion of its land far remote from the village of Inglewood while the repairs are being made.

When the outfall is completed, the sale or giving away of sewage for fertilization will probably be discontinued; but that date is about as far as the location of the Peg Leg gold mine. The people of Inglewood desire something a little more tangible than sewage all over the countryside until the only prosperous people in the community are the underhills.

The city continues to deliver to the South Side Irrigation Company 300 inches of sewage daily. Some of the sewer water is used to irrigate acres of tomatoes, onions, celery and other vegetables sold to be eaten raw. This practice the Board of Public Works condemns, and the Health Board abhors. But in order to discontinue the delivery of the sewage, some other place must be found for it. The city has outgrown the old outfall; if the South Side Irrigation Company did not take the sewage, it would flow in the streets in the southern part of the city, and would flood the countryside beyond the city limits.

Demand was made on the city yesterday by the Western Dairy Company for damages occasioned by an overflow of the outfall in Western and Vernon avenues. The dairy company claims that the sewage overran and ruined ten acres of alfalfa. It asks the Board of Public Works to go out and make an estimate of the actual damage occasioned by the overflow.

## WOES OF PLACE MEN.

### BLAME CIVIL SERVICE.

Politics and civil service apparently do not make congenial bed-fellows. The city departments fairly teem with petty ward and precinct politicians; all wear the protecting cloak of that charitable institution, the civil service.

Yesterday marked the first day of the open season for straw hats and county politics. It was politics that secured the positions the place men had there—and the two will not mix.

The Civil Service Commissioners have notified the county of keeping in mind that they will not tolerate partisan politics in the City Hall; that the employees must keep off committees and away from conventions or they will be dismissed for pernicious activity.

And just now the Civil Service Commissioners are about as popular among the city employees as a bunch of Orangemen at St. Patrick's day celebration.

About every department head holding an elective office is a candidate for something; naturally each expects the support of his assistants, and it is these assistants who have been warned by the Civil Service Commission.

and big politicians form the upper and the civil service the lower millstone—and the little place men the grist that comes to the mill. The politicians promise immunity from the civil service, and the civil service promises immunity from politics; the little place men must take chances. To them it is more uncertain than China lottery and not nearly so fascinating.

## PAPERS A MYSTERY.

### DIRECTOR OF RESEARCH.

A cloak of mystery envelops the examination papers of Rev. C. J. K. Jones, emergency director of scientific research in the public library.

Rev. Mr. Jones recently took a civil service examination for the place he now occupies; he had no competitors and if he secures a rating of 75 per cent he is eligible for permanent appointment.

The civil service board sent a request to a prominent eastern librarian for a list of questions suitable to test director of research. He sent a list and it was on that that the examination was conducted. Rumor now has it that the "back east" celebrity differed with the local library board as to the necessary qualifications for a director of research.

The library board included among other qualifications, a profound knowledge of Hebrew and Greek, and at least a speaking acquaintance with religious records ancient and modern. But these subjects were apparently omitted in the test outlined by the eastern librarian.

Well, the examination papers have been sent east and returned duly marked. But the civil service board is displaying a highly suggestive hesitancy about announcing the result. Yesterday afternoon the board tried to hold a session and fell one short of a quorum.

Commissioner Thomas stood grim guard over the papers. He wouldn't deliver the papers to the board at the outside of the envelope until a quorum should be present. But the very satisfaction with which he guarded those papers bodes ill for the Rev. C. J. K. Jones. Commissioner Thomas was a staunch friend and admirer of former Librarian Miss Jones, and some say that he has never looked with favor on the masculine invasion.

This afternoon the board will make another attempt to hold a session. If a quorum is present the mystery of the examination papers will be revealed.

## TO ASSESS SPURS.

### MORE REVENUE PROMISED.

Assessor Evan Lewis will this year include in his assessment roll, land, buildings and spur tracks belonging to railroad companies. These items will increase the roll prepared by the assessor about \$1,600,000. Formerly these items have been assessed by the State Board of Equalization, and Mr. Lewis thinks the State board has been a bit too lenient.

Assistant City Attorney Hewitt yesterday sent to Mr. Lewis a communication in which he expressed the opinion that the City Assessor has jurisdiction over the assessment of all but the main right of way of the railroad companies. This opinion is based on a recent decision of the State Supreme Court.

The City Attorney holds that the assessor cannot include Agricultural Park in his assessment roll; he says the records show the park to be the property of a district agricultural association; as such it is non-assessable.

## AT THE COURTHOUSE.

### TAX PAYING STILL DRAGS.

#### LEGAL HOLIDAYS GIVE SLOW ONES A CHANCE.

Receipts So Far Show an Advance Over Last Year, and When Books Are Closed This Increase Will Be Marked—Property Delinquent Sold for Taxes.

The last Monday in the month is the time when the days of grace for paying county taxes expires, but Monday being a legal holiday, the last day went over to the next day (Tuesday), which also was a legal holiday. The result is that County Tax Collector Welch has had a day's grace for receiving taxes each day until the holiday programme exhausts itself. Then the day following the last legal holiday will be the closing day for paying taxes.

Despite the fact that a 5 per cent penalty is attached to a large number of people come dribbling along after the actual last day has passed by, though at the present showing there is no reason to think that the delinquent list will be any larger than last year.

Under the fact that a 5 per cent penalty is attached to a large number of people come dribbling along after the actual last day has passed by, though at the present showing there is no reason to think that the delinquent list will be any larger than last year.

## COUNTY OFFICES INCREASE.

The business prosperity of the county is again reflected in the monthly reports filed yesterday by the several offices for the month of April. County Clerk Keyes, in his monthly statement, of fees received and disbursed, shows as follows: Probate business, \$441.35; civil, \$2015.80; miscellaneous, \$589.30; total receipts, \$3046.45. Disbursed, to law, \$122.22; salary fund, \$594.15; total, \$716.37.

## LOST HUSBAND.

### MAYBE HE HAS STRAYED.

Mrs. Agnes Peck is on the tenterhooks of expectation and, to her knowledge, whether to mourn a husband taken suddenly ill, or lament the fate that links her to a scoundrel.

A little over two months ago she married Edward Peck at San Diego, and last Thursday husband and wife came to this city in order to establish themselves. Peck has several trades at his finger ends, being a baker, a cabinet maker, and an engineer, but it was a ranch that he wanted, and on Saturday he left his wife at No. 733 South Broadway, where they had taken rooms, and started off to search the real estate office for a ranch and disappear.

Peck left his bicycle and his trunk behind, but took considerable money with him—he had drawn from the bank at National City before coming to Los Angeles. His wife has so far failed to find out if her better half had drawn out all of his deposit at National City. Until that is done, she will not know whether her husband has abandoned her, or, as she is inclined to think, has taken ill somewhere. Peck is a man about thirty years of age, was dressed well in a dark suit and Fedora hat, and has two front teeth missing. His wife yesterday called at Justice Peck's court and was eager to enter the efforts of the Constable in hunting up her lost or strayed husband.

## COURTHOUSE NOTES.

### BREVITIES MISCELLANEOUS.

TAOAGAT ESTATE. Mrs. Mattie E. Taggart has petitioned for letters of administration in the estate of the late Dr. Chas. F. Taggart, who accidentally was shot when his pistol fell out of his pocket at San Francisco on April 22.

MYERS STEPS OUT. John S. Myers, assistant cashier in the office of County Treasurer Mark Jones, has resigned his position to accept one with the Union Trust and Title Company, corner of Fourth and Spring streets. Mr. Myers has been connected with the county for many years, and has always been regarded as a highly efficient official. His place in the treasurer's office will be taken by O. B. Manchester of the same office, and the place of the latter will be filled by Warner Hill, of Wells, Fargo's Pasadena office. In the meantime Mr. Myers will be in charge of the title department of the Union Trust and Title Company.

SENT TO PATTON. Mrs. Amos Holloway was yesterday committed to the asylum at Patton by Judge James, after a fight for custody of the woman had for about six years been an inmate at the County Farm, and later has become violent, and also obscene in her actions.

## POLICE COURTS.

### FINED FOR INSULT.

For insulting Mrs. Nora Sottnoff of No. 615 Ruth avenue, John Maas, a cab driver, was fined \$20 by Police Justice Austin yesterday morning. When the man insulted her, Mrs. Sottnoff boxed his ears and then set about leaving his name. Later she telephoned the police regarding the case, and the cabby was immediately arrested.

## POLICE COURTS.

### Sam Marshall was convicted of scorching in his automobile and assaulting a woman.

## REAL ESTATE RECORD.

### FIFTY THOUSAND FOR A CORNER.

#### MEANS A BUSINESS PLANT ON EAST FIRST.

Dealing in Los Angeles Property as Active as at Any Time During Past Four Months—Vacant Lot on Seventh and Beacon Streets Is Sold at a Good Price.

The real estate agents report an unusually active demand for property of all kinds. The transfers published day by day in the newspapers indicate quite as great activity as at any time during the past four months. The companies searching records report that there is an entirely normal manner. By normal is meant the conditions prevailing during the past four months, when the real estate market was so exceedingly active as really to produce an abnormal state of affairs in that line.

One of the big purchases of the week is that by which Newmark Bros. get 100x150 feet on the south side of First street, about 350 feet east of San Pedro street. When San Pedro is cut through straight so as to form a continuation with Wilmington street, which after that will be San Pedro, the lot will be on the corner of the new street. It is of somewhat irregular shape, but averages about 100x150 feet. The lot is owned by a man who has been cut through, the other fifty feet will be similarly improved.

The other sales for the day include several pieces of business or prospective business property at very considerable figures. One is an unimproved parcel at \$25,000; one a piece of improved property at \$25,000, and another a large vacant lot on Seventh street at \$25,000. Details follow:

The Van Frank-Hunter Realty Company reports having sold to Miss L. Bowers No. 1217 South Olive street for \$25,000. The lot is 50x155 feet to a twenty-foot alley, improved with a large house.

Dr. G. Del Amo has sold to Philip Pohlman, through the agency of Colson, Bryon & Donnell, the southeast corner of Ninth street and Cota street. The property is 150 feet on Seventh by 140 on Beacon street, and is vacant. Consideration \$25,000. Mr. Pohlman closed this deal through the above agents, during the past few days.

Althouse Bros. report this sale: C. J. Reed to John G. Orth, the southeast corner of Ninth street and Cota street; unimproved; lot 113x157 feet, for \$25,000.

## ELKS TURN A TRICK.

### Make Big Profit in Sale of Lot Where Proposed New Building Was to Have Been.

The local lodge of Elks, No. 99, yesterday received a check for \$31,875.50, which represented an investment made ten months ago of \$35,000. The lodge is satisfied with the profit made on the deal, and yet collectively the members wish that things had shaped themselves differently.

Ten months ago the Elks determined to have a building of their own, with such commodious accommodations as the importance of the order and the strength of the local lodge warranted. An incorporation was formed to handle the matter in short order, and the lot at the northwest corner of Fifth and Olive streets was purchased for \$50,000. It has a frontage of 600 feet, and was opposite to the old pavilion.

Plans were drawn for a handsome building, and just about the time the contracts were about to be let the pavilion was bought in to give place to the Temple Auditorium. In a sense that handicapped the Elks, for part of their plan was to have on the ground floor of their new building the handsome hall in the city, and the basement was to be given up to a banquet hall with kitchen, etc.

It was felt that there was too great a similarity of idea between the two buildings, and the Elks decided to sell the lot. This was done, Wright & Co. and Robert Marsh paying \$55,000 spot cash, and then turning round and selling again for \$90,000. The lot of \$31,875.50 represented the amount invested by the lodge of Elks with the proportion of profit, but the individual Elks who held stock in the corporation formed to finance the deal, have each received their pro rata which amounts to somewhat over 25 per cent profit on their investment.

In the meantime the Elks have not abandoned the idea of having their own building, but will quietly watch the situation and again make choice of a suitable location where they can build so that while enjoying the comforts of a home there may also be a return from the building in rentals.

## A Delicious Drink.

### HORSFORD'S ACID PHOSPHATE.

A tonic added to a glass of cold water invigorates, strengthens and refreshes.

## VOSE

### A Piano

Of Sympathetic Tone Of Responsive Action Of Beautiful Case Design Of Elegant Finish Of Great Endurance In Short, A Piano of Highest Character.

Fit to grace the most beautiful drawing-room or to add dignity to the studio of the greatest musician. It is to be found in more than fifty-six Thousand American Homes. Two thousand alone are in Southern California homes.

## WE SELL THE VOSE

We arrange terms for payment and accept other pianos in part exchange. You are urged to examine the many different styles which we carry.

## Is Your Advertising "Type" or "Talk?"

Think it over quietly—TYPE or TALK. You would not send a dumb man to solicit business for you.

Then why expect an advertisement to sell goods unless it talks, argues, persuades, enthralls, interests and convinces.

You follow this prescription in preparing any advertisement—nine parts thinking to one part writing.

And these advertisements are real salesmen.

Pick out what you consider the best advertising in the newspaper and ask who writes it.

WEDNESDAY, MAY 2, 1906.

SPORTING PAGE

AQUATIC SPORT  
COMING FAD.

TWO ROWING CLUBS ENTER THE  
LOCAL FIELD.

One Calls for Fine Clubhouse and  
Is Headed by Financier—Los An-  
geles Athletic Club Will Also Build.  
Former 'Varsity Men Nucleus of  
Each Organization.

Aquatic sports will be all the rage  
this summer. Already two organiza-  
tions are in the field with plans to  
make rowing one of the leading fea-  
tures of summer pastimes.

The Los Angeles Athletic Club has  
decided to expend considerable money  
along this line and Sam Wood, of the  
Robert Marsh Company, backed by  
well-known capitalists, is now organ-  
izing a rowing club for Naples.

This latter organization will be per-  
fected this week, when Mr. Wood will  
go East to purchase an eight-oared  
shell, two four-oared gigs and four  
single gigs, together with oars and  
everything necessary for the equip-  
ment of a first-class regatta entrant.

Plans for a handsome clubhouse to  
be erected on the bay to house the  
club, and as soon as approved will be  
placed in the hands of the builders.  
The club will be located on the shores of  
beautiful Alamitos Bay, and a course  
will be marked off of a mile and a half.  
This distance is considered sufficient  
for the first year as rowing material  
to be developed is problematic.

The club members will be made up  
of former college oarsmen who are re-  
sidents of the city and all others who  
are acceptable to the officers of the or-  
ganization. A meeting for organization  
will be held this week and officers  
and directors will be elected.

Behind Mr. Wood in his plans are  
such well-known financiers and busi-  
ness men as W. A. Bonnyne, president  
of the Commercial National Bank;  
Robert Marsh, A. M. Parsons, Frank  
Strong, Elmer E. Cole, George Dick-  
erson.

There are many former 'varsity oar-  
men in Los Angeles and Mr. Wood him-  
self once pulled an oar in the West  
Philadelphia Rowing Club, one of the  
elite organizations of the Quaker City,  
and enthusiasm is at fever heat at the  
prospects of royal regattas during the  
summer. Alamitos Bay offers splendid  
attractions for this class of sport, as  
well as the San Gabriel River, which  
can be traversed seven miles in a  
launch, and would furnish an excellent  
practice course when the surface of  
the bay is too rough for a light shell.  
The bay is well protected from swell  
and every condition is perfect for suc-  
cess.

The new club will be known as the  
Alamitos Rowing Club. The Los An-  
geles Athletic Club is  
progressing along the same lines and  
will have its boathouse at Playa del  
Rey, where excellent conditions prevail.  
At least \$10,000 will be expended on a  
boathouse and equipment, which will  
be secured from the San Diego Rowing  
Club. The Los Angeles club has many  
'varsity men in its membership and  
these will lead the procession.

In both instances the street railway  
company will give reduced rates to  
club members who participate in the  
aquatic sports, and every effort will  
be made to encourage regattas and  
races.

Each club will be in the field for  
races and will seek regattas with  
Stanford, Berkeley and the University  
of Southern California, Sherman, and in  
fact with any rowing organization  
to make these affairs society events  
and as near to the eastern college re-  
gattas as possible, combining the use  
of sailing craft, launches and barges  
in adding color to the scheme.

MATINEE RECORDS BROKEN.

Orange County Race Meeting Draws  
Large Crowd Which Sees Some  
Fast Performers Go.

(BY DIRECT WIRE TO THE TIMES.)  
SANTA ANA, May 1.—[Exclusive Dis-  
patch.] About one thousand people  
witnessed the May day races at the  
Santa Ana Driving Club today. The  
track was in fine condition and many  
matinee records were broken. The  
event of the meet was the 2:25 trot  
between McKinley and Flash. The for-  
mer was tipped to win but showed up  
early, and Flash won both heats and  
the race in the time being 2:24. The  
first race was a three-minute trot with  
Colanear, Orange Lady, Snover, Nut-  
ley and Babe starting in the order  
named. It required three heats to de-  
cide the race which finally went to  
Orange Lady in 2:34.

The fourth race was a 2:30 pace with  
Birdie Mac, Prince and Ora Bell cross-  
ing the tape. Both heats were run in  
the order named. Time 2:28.

The last race was a 2:40 trot be-  
tween Eli and Albert, the latter tak-  
ing both heats and winning the race in  
2:37.

WILL ELECT OFFICERS.

Merrill and Bird to Pilot the Destinies  
of Football and Track at  
Occidental.

The election of officers for the stu-  
dent body and athletics for the ses-  
sion of 1906-7 will be held tomorrow  
at Occidental College. In the elec-  
tion of the captains of track and foot-  
ball, Bruce Merrill was selected to  
lead the football squad and Owen  
R. Bird, the fast short-distance man,  
will pilot the sprinters. Bird and  
Merrill have received deserved recog-  
nition for their excellent performances  
and point-getting proclivities, and will  
have the hearty cooperation of the  
student body.

YANKEES GET LION'S SHARE.

Superiority of Individual American  
Competitors Is Acknowledged by  
All and Greeks Come Second

(BY THE ASSOCIATED PRESS.—P.M.)  
ATHENS, May 1.—The Americans al-  
ready have won the greatest number  
of events in the Olympic games. The  
Greeks are second and the Swedes  
third and the English fourth. The  
superiority of the individual American  
competitors is acknowledged by all but  
to find some solace in the fact that the  
Americans had many strings to their  
bow and held a superiority in many  
of the events. The official  
list of results will be published to-  
morrow.

The running high jump was con-  
cluded today with William Sher-  
man, Hungary, 77 1/2 centimeters.  
The second, 75 centimeters, was  
taken by H. W. Korrigian, Mul-  
len, Amateur Athletic Club, Port-  
land, Ore., and Diakidze, Greece, tied for  
third place, with 1 meter, 7 1/2 centime-  
ters.

The Marathon foot race started at 3  
o'clock and was won by William Sher-  
man of Hamilton, Ont. The time was  
2 hours, 51 min., 23 1/2 sec. Swamson,  
the Canadian, finished eighth yards behind  
him.

There were forty-seven competitors

In this twenty-seven mile run, starting  
from Marathon at 3 o'clock in the af-  
ternoon and finishing at the stadium.  
William G. Frank, Irish-American A.  
C. New York; J. J. Fowler of Cam-  
bridgeport, Mass.; Michael Spring-  
Pastime A. C. New York; and Joseph  
Porschaw, Missouri A. C. St. Louis, as  
the American representatives. Canada  
was represented by Sherring. The com-  
petitors were driven to Marathon last  
night, and slept there.

In the final hurdles, R. C. Leavitt,  
Williams College, Williamstown, Mass.,  
won. Time 16 1/5 sec. A. H. Healy,  
England, was second, and Duicker,  
Germany, third.

The final of the 800-meter race was  
won by Paul Pilgrim, New York A. C.  
Time 2 min., 1 1/4 sec.

James D. Lightbody, Chicago Univer-  
sity, was second, and Lieut. W. Hall-  
well, England, third.

LOOLOOS TAKE FIRST.

Pound Fresno Out of Box in First Inn-  
ing—Bergman Holds Locals to  
Six Hits.

(BY DIRECT WIRE TO THE TIMES.)  
FRESNO, May 1.—[Exclusive Dis-  
patch.] Wolter's wildness lost Fresno  
the game today, and the Los Angeles  
aggregation pounded out four runs in  
the first inning. Not until the seventh  
did a Fresno man cross the plate, and  
then two men reached home. For the  
last three innings the locals held  
the visitors down. The score:  
Los Angeles, 6; hits, 8; errors, 1.  
Fresno, 2; hits, 6; errors, 6.  
Batteries—Bergman and Eager;  
Wolter, Lemke and Dashedwood.  
Umpire—McDonald.

TURNERS WILL MEET.

To Decide What Steps Shall Be Taken  
Toward Holding the Big Turnfest  
Next Month.

The Los Angeles Turnverein will  
hold a meeting tonight at Turner Hall  
to determine a course of action in re-  
gard to the proposed big turnfest, which  
have been held in this city next month.  
It has been suggested by many mem-  
bers that the meeting be postponed to  
a later date, and this proposition  
will be settled at the coming meeting.  
The society has several thousand  
members throughout the State, and the  
field would be held and the Turner  
championship decided.

For months past the local Turners  
have been preparing to entertain the  
visiting societies, while the athletic  
teams have been working ardently  
shaping themselves for the contest.

The postponement hinges upon the  
ability of San Francisco to send in its  
quota of contestants, and if it can be  
shown that this would materialize at  
a later date, the present plans of the  
Turners would be carried out, prob-  
ably a few months hence.

The local Turner gymnasium is one  
of the best in the South, and since  
opening opened the society has been  
adding local improvements, including  
tennis courts, new apparatus, etc.

George Miller, who called at Breese  
Brothers' undertaking rooms Monday  
evening to arrange for his own fun-  
eral, saying he would be dead in an  
hour, occupies a cot in the Re-  
ceiving Hospital, but may be removed  
to the insane ward in the County Hos-  
pital today. Miller calmly told the un-  
dertakers he would be dead in an hour,  
and wanted to pay the bill for his fu-  
neral in advance.

The police were notified and Miller  
placed in the hospital. To the ambu-  
lance man while on the way to the Cen-  
tral Police Station Miller said that he  
was burning up with a strange fever  
and would be dead in a very short time.  
He asked the wagon man to place his  
hand to his forehead and feel for him-  
self. The man laid his hand on Mil-  
ler's brow, almost expecting it to be  
burned, but instead found it perfectly  
normal.

The case puzzles the police surgeons,  
as the man is not hot and does not bol-  
der any one. It was feared that he  
would attempt suicide, and he was  
closely watched, but gave no indication  
of even thinking such a thing. He says  
he expects to die soon, and is ready  
unless his condition has changed for  
the better, when he will be sent to the  
County Hospital.

COUNTY FIELD MEET.

High School Getting Ready to Partici-  
pate in Championship Event to  
Be Decided Saturday.

Attention is now being directed by  
the County High School contingent to  
the coming high school championship,  
which will be settled next Saturday  
on Harvard's grounds. Included in the  
entries in the field and track events  
are Harvard, Throop, Pasadena  
High School, Los Angeles High School,  
Los Angeles Polytechnic High School  
and several others.

It is thought that Crawley of Throop  
school has already landed a good third  
in the 100-yard sprint, unless Donnell  
enters from Los Angeles High School.  
Cover will be the strong candidate for  
the championship for the past several  
years, and has a long shot for more  
success. It will be a close race this year,  
and Harvard promises to repeat past  
performances.

HOLMES MAKES FIND.

GOOD TWIRLER IN SHUTE.

Comstock Holmes, twirler of the  
team around yesterday in the game be-  
tween U.S.C. and Los Angeles High School,  
and the change proved a revelation.  
The coach has discovered a new twirler  
in Eugene Shute, who played an end  
on the football team. The other changes  
in the line-up were: Comstock, the pole  
vaulter, in center field; Pierce at first,  
and Bureck, pitcher, in right garden.  
Shute allowed the High School but  
four hits and six runs, while Comstock  
made nine hits and ten runs. Comstock  
was the particular constellation with the  
stick, securing three hits in four  
times at bat, and accepted two  
chances in the field.

The U.S.C. team will play Polytechnic  
High School tomorrow, and take on Oc-  
cidental in the preliminary championship  
series Saturday.

The new batting cage has been the  
means of bringing up the stick work in  
U.S.C. and Holmes is elated over its  
success.

OCCIDENTAL AND U.S.C.

BASEBALL GAME SATURDAY.

Occidental and U.S.C. will come to-  
gether Saturday in the intercollegiate  
baseball championship preliminaries,  
and as the Presbyterians have made  
wonderful strides within the past week,  
they hope to take Holmes' bunch down  
the line in short order. The defeat of  
Pomona by Occidental has spurred the  
boys on to greater things, and with  
U.S.C. pegging away daily at practice  
the game should be fast and close. U.  
S.C. started out with a winning streak  
at the opening of the season, and got  
careless with St. Vincent, who annexed  
a game by a close score last Saturday.  
The game will be called at 2:30 on  
Occidental field.

MAY SUTTON GOING.

Prepares to Defend Her Title in In-  
ternational Tournament Abroad.

Will Sail on Eighteenth.

Miss May Sutton will sail for Eng-  
land the 18th inst. to compete in the  
international tennis match, and in or-  
der to make connection with the steam-  
er sailing from New York, will depart  
from Los Angeles one week from to-  
morrow.

The match is attracting great atten-  
tion on both sides of the water, and  
especially in England, where the faith  
in Miss Douglas, whom Miss Sutton  
defeated for the championship, is strong.  
This has been augmented by the fact  
that Miss Douglas last week defeated  
Miss Thorne, who has competed ably—  
Miss Sutton a hard race in the semi-finals.  
This proves that Miss Douglas is play-  
ing in good form, and will make the  
game one full of interest.

Miss Sutton goes to England pos-  
sessed of the confidence of the Ameri-  
can public, with whom her name is a  
household word, and every one feels  
that the same will be said of her work  
that has been vouchsafed every Ameri-  
can who has competed ably—that Ameri-  
ca possesses the best in all lines of  
athletics.

Miss Sutton goes to England pos-  
sessed of the confidence of the Ameri-  
can public, with whom her name is a  
household word, and every one feels  
that the same will be said of her work  
that has been vouchsafed every Ameri-  
can who has competed ably—that Ameri-  
ca possesses the best in all lines of  
athletics.

BALK LINE BILLIARDS.

Maguire Defeats Kennedy Again in a  
Game Featured by Many Pretty  
Shots.

Almost six hundred billiard enthu-  
siasts watched the second game in the  
balk line championship last night be-  
tween Kennedy and Maguire, and  
while there was nothing very spec-  
tacular in the way of high runs, except  
Maguire's 89, the crowd was treated  
to many fine shots. Maguire had no  
trouble in winning, mainly for he shot  
into the lead in the ninth inning with  
a fine run of 89 and this start was too  
much for Kennedy to overcome. Both  
men played brilliantly at times and  
yet made many goose eggs. Maguire  
scored no less than three in succession  
making but sixteen points in seven  
innings. Kennedy also had three goose  
eggs in a row.

Maguire finished his 300 points in  
thirty-seven innings, or an average  
of 8-47 and had high runs of 89, 25,  
21, 20, 20. Kennedy made 227 points  
and his high runs were 24, 25, 23 and  
20, his average being 5-15-37.

YACHTS IN TRYOUT.

Mischief II and Lurline Sent into Bitt  
Breeze and Both Prove Satisfac-  
tory to Owners.

(SPECIAL CORRESPONDENCE OF THE TIMES.)  
SAN PEDRO, May 1.—Walter Fol-  
son tried his new thirty-foot racer,  
Mischief II, yesterday, in a stiff breeze  
and a choppy sea. Joe Fellows sailed  
the new boat, and both the owner and  
skipper were well pleased with her per-  
formance.

Commodore Sinclair of the South  
Coast Yacht Club tried out the Lurline  
yesterday. A new stern has re-  
cently been put on the Lurline, which  
is entered in the San Francisco-Hono-  
lulu trans-Pacific races.

The Skidoo, a new thirty-foot racer  
owned by Capt. Wedgewood, has been  
launched, and has been anchored off  
the Joe Fellows wharf, where she will  
be rigged.

FOOTBALL NEXT WINTER.

Occidental and U.S.C. to Play Next  
Season as Usual—Have Ordered  
Their Uniforms.

Football will not be done away with  
in the local colleges this year, notwith-  
standing the action of some of the  
big eastern institutions in boycotting  
the college game. The statement has  
gained circulation here that U.S.C. and  
Occidental were done with football,  
but this is far from the truth and  
the two colleges will have no sur-  
e of what they intend to do next  
fall, but they have already ordered  
their suits and paraphernalia and in-  
tend to begin practice about Septem-  
ber 1. This date is far distant now,  
but the preparations already made  
show that the two colleges will have  
just as much football as ever when  
the time comes.

GOLFERS ARE RESTING.

No Contests in Sight Except the Club  
Championships, Which Are Set  
for Memorial Day.

The golf players of the Country  
Club have practically decided to take  
a rest this month as far as any real  
contests are concerned and with the  
exception of probably a mixed four-  
somes, there is nothing scheduled un-  
til May 20, when the club champion-  
ship for men and women will be  
played. Both will be at medal play,  
the men to play 36 holes and the wo-  
men 18. W. Frederickson, holder of  
the men's championship, which he won last  
year and will defend his title this year.

SAINTS TO POMONA.

PLAY BALL SATURDAY.

The St. Vincent baseball team will  
go to Pomona Saturday and play a  
game of ball, the first of the season  
between these teams for the intercol-  
legiate championship of Southern Cali-  
fornia. The game will be preliminary  
to the championship, but will help de-  
cide what teams will play the finals.  
Pomona got her first try-out with U.  
S.C. last week, and lost, but it is hard  
to say what the result would have been  
with St. Vincent, who has a strong  
team.

After each team in the collegiate se-  
ries has played the other one game,  
the two finishing highest will play off  
the championship.

COLLEGE GAME TODAY.

BROWNSBERGER VS. HARVARD.

Brownsberger Home School and Har-  
vard Military Academy will settle a  
baseball argument with bats and ball  
on the latter's ground this afternoon.  
Both teams have been practicing dili-  
gently, and are in fine fettle, and a  
fast game is looked for. Brownsberger  
recently defeated St. Vincent by a  
score of 3 to 1, and are greatly im-  
proved in batting and fielding. Har-  
vard has a good team, and plays fast  
ball.

AMATEURS WANT GAME.

HAVE GOOD ORGANIZATION.

The Dyas-Cline newly-organized  
baseball team is desirous of securing  
games with other organizations for  
the amateur championship of Southern  
California. This nine has fast players,  
and is equipped for entering the field  
for a series of games.

Trout Fishing Good.

Fishermen who have returned from  
the upper branches of the San Geronimo  
report that at present the trout fish-  
ing high up is better than it ever has  
been, it appearing that there are large  
fish and more of them than in former  
times. There don't appear to be any par-  
ticular reason for this condition of  
things and it is not a fish story ex-  
actly, for the truth of it is vouched for  
by H. H. Rose and Joe Welch of Pas-  
adena and they should know, for they  
have been there.

BASEBALL AT ARCADIA.

There will be a double-header played  
Saturday at Arcadia between the  
Hoega Flagg, Tufts-Lyon, Hamburgers  
and another baseball team. This will  
be the second series in the champion-  
ship series between these clubs.

**JAP-A-LAC**  
A STAIN AND VARNISH COMBINED  
DO YOUR OWN VARNISHING  
You may have considered varnishing as hard work...  
Here's a list of things that should always be kept JAP-A-LAC-ED:  
WIRE SCREENS, CHAIRS, TABLES, FLOORS, RANGES, CHANDELIERS, PLATE RACKS, PICTURE FRAMES, WEATHER-BEATEN DOORS.  
The surest way for you to become acquainted with this wonder-  
ful finish, is to try a small can on some article of furniture you had  
intended to discard. It will cost but a trifle, and will convince you  
that many dollars a year can be saved by its liberal use.  
Don't think you cannot do the work as well as any one else,  
—you can. Don't accept anything but JAP-A-LAC, as it is the original  
colored varnish, and may be depended upon to give perfect satisfaction.  
There are many imitations on the market, which are claimed to be "just  
as good" as JAP-A-LAC, but none of them has stood the test of time,  
and you are likely to find that they are colored with a cheap aniline dye  
which looks all right at first, but soon fades and becomes dull.  
Insist on JAP-A-LAC. It is put up in self sealing cans, bearing  
green labels.  
All sizes from 15c. to \$2.50.  
For sale by Paint, Hardware and Drug Dealers.

**JAP-A-LAC**  
Dead Black or Brilliant Black  
used on Window or Door Screens, not only  
beautifies, but preserves them.  
There is scarcely a thing about the house  
which is subjected to as hard usage as your  
screens. They are exposed to the hot sun of  
noonday, the dew of the evening, rain, wind,  
and the ravages of the elements, more than any  
other household accessory. JAP-A-LAC will  
make them last years longer than they other-  
wise would, no matter what their abuse may be.  
The adamant hardness of JAP-A-LAC acts as  
a perfect preservative, and means the saving of  
many dollars in repairs. JAP-A-LAC costs so little  
that you cannot afford to neglect its liberal use  
on all of your screens.

**A WARNING AGAINST THE DEALER  
WHO SUBSTITUTES.**  
While waiting in a dealer's store in a  
large city, one of our salesmen overheard a  
clerk trying to sell a substitute, to a woman  
customer who had asked for JAP-A-LAC.  
The clerk took TWENTY-FIVE MINUTES  
of the customer's time trying to make her  
change her mind, and finally gave her JAP-  
A-LAC, after she told him she would trade  
elsewhere if he persisted in trying to substitute.  
What right has a clerk to take your time  
to ARGUE with you? SAVE time by  
INSISTING ON JAP-A-LAC.

# CHANCE FOR MEXICO TRADE.

Center of Export Business Headed This Way.

Lack of Northern Facilities Forces Ships Here.

Great and Varied Interests Looks to San Pedro.

The business done between San Francisco and the ports of Mexico in value runs annually into over a million and a half dollars. From a statement covering the year 1905, compiled by Eugene H. Roth, formerly connected with the Santa Fe Railroad Company in this city, and now connected with Raoul A. Roth, brokers, representing several very large San Francisco houses, it appears that the total business between San Francisco and Mexican ports for that year amounted to \$1,612,290. Of this amount American steamers carried merchandise amounting to \$1,042,167, German steamers merchandise amounting to \$289,850, sailing vessels, \$267,253, and French vessels \$290. The statistics compiled by Mr. Roth are by months, and the month of December shows the largest total, being \$219,485. The smallest month's business was in September, with \$91,183. These data are from the United States Customs.

With the crippling of San Francisco's commercial interests, no doubt a great deal of that business will be done through Los Angeles. For example, the brokerage firm of Canalis, Trillanes & Company, of San Francisco, doing a large business as commercial agents for Mexican firms, will at once establish an office here for the transaction of their Mexican business. Already the seagoing business out of San Pedro, the seaport for Los Angeles, is very considerable. For eleven months in 1905 the merchandise received in this city by sea amounted to 108,440, 787 pounds and the merchandise going out amounted to 15,044,017 pounds, making a total of 15,152,457 pounds. This is merchandise properly so-called, originating in the city of Los Angeles or coming into the city of Los Angeles.

VARIED VALUATIONS. Now the commodities in the valuations given above for business between San Francisco and Mexican ports embrace nearly 350 separate items. Among them some of those representing the largest values are: agricultural implements of a value of \$4161; books, maps, and engravings, \$38,652; manufactures of brass, \$7448; bread and biscuits, \$6,410 pounds, of a value of \$4482; wheat, 748 bushels, of a value of \$2005; wheat flour, 14,110 barrels, of a value of \$71,652; wheat food preparations, \$24,462; candles, \$5,773 pounds of a value of \$461; things on wheels, \$16,500; cement, 98 barrels, \$1188; acids, \$30,300; baking powders, 9994 pounds of a value of \$2995; sulphate of copper, 20,126 pounds of a value of \$14,120; patent medicines, \$12,900; clothes, 18,854 yards of a value of \$13,801; wearing apparel, \$154; bags, \$12,282; cordage, \$13,400 pounds of a value of \$23,190. Strange to say, all kinds of fish, fresh, smoked, salt, and canned have been shipped from San Francisco to Mexico, the total value of all kinds being over \$10,000.

Dried apples were shipped to the amount of 625 pounds, valued at \$110; apples in the natural state, 2793 barrels, valued at \$750. During certain months of the year, from July to December, oranges of a value of \$45 were shipped into Mexico. Of grapes there went 46,516 pounds, valued at \$1994, and of raisins 44,405 pounds, valued at \$2905. All kinds of fruits have been shipped in larger or smaller quantities, and also canned and preserved fruits, the total for the fruit list running to upwards of \$25,000. Window glass was shipped to the value of \$2468, and other glassware of a value of \$3976. Of glue there was sent 1763 pounds of a value of \$278, and of grease and soap stock \$740. Gun powder figures were 17,944 pounds valued at \$2355, and other explosives figure at \$120,159. Betting, horse, and packing amounted to \$11,223.

BIG ELECTRICAL SHIPMENTS. Electrical appliances sent to Mexico were worth \$10,148. Bar iron, 245,709 pounds, was worth \$2997. Other crude iron came to 122,730 pounds, valued at \$4844. Steel amounted to 103,294 pounds, worth \$5907, and tin plate 148,755 pounds worth \$5653. Structural iron amounted to 693,011 pounds, valued at \$22,201. Wire was worth \$7330. Mechanics' tools worth \$29,835, and castings came to \$21,600. Fire arms were worth \$10,243, and electrical machinery \$66,213. Pumps and pumping machinery \$4683, and sewing machines \$2265. Boilers and parts thereof were worth \$13,827, and typewriting machines \$9246. Machinery represented \$105,406, and cut nails \$222, while wire nails were worth \$4552. Pipes, etc., came to \$2446, and valves to \$17,608. Scales and balances, \$222. Lamps and chandeliers were worth \$2218. Upper leather figures at \$10,890, and boots and shoes at \$6820. Of illuminating oils Mexico took from San Francisco 94,965 gallons, worth \$14,781, and of lubricating oils and kerosene to the amount of 67,320 gallons, worth \$21,571.

Mexico took a considerable amount of cured meats, bacon representing 31,207 pounds, worth \$4131, and cured beef 40,582 pounds, worth \$37,533. The quicksilver imported by Mexico amounted to 281,072 pounds, of a value of \$17,728. Wine in bottles, \$16 doses, worth \$338, and wine otherwise than in bottles, 67,776 gallons, of a value of \$24,345. Refined sugar amounted to 486,497 pounds, of a value of \$24,030. Beans and peas, 421 bushels, worth \$6638, and onions \$539 bushels, worth \$1972. There were sent 25,330 bushels of potatoes, worth \$17,206, and the vegetable purchases amounted to \$2028. Sawed timber ran to 1,694,800 feet, of a value of \$25,372.

INTERESTING HERE. These are only a few being the more important of the 350 items in the interesting list compiled by Mr. Roth. There seems every reason to expect that, for a time at least, while San Francisco is being rebuilt, and her commercial connections reestablished, a good deal of this business will be done conveniently through Los Angeles and San Pedro harbor. The items given above and the mass representation in detail and in gross, will certainly interest the merchants of this city.

LOOKS DARK FOR "LIGHT." Under the Eye of the Police in Latest Frank Scheme. "Light" B. Greenleaf, self-styled "Light" accident preventer, is again in Los Angeles, sending his "frankers" to the police. The police are working a scheme that smacks of blackmail, but that the law cannot touch him.

In his latest circulars he claims that he can prevent or cause earthquakes at will, says the way to treat earthquakes is to give them an earthquake.

## To STAUB'S

The guide-post to shoe satisfaction points to Staub's. Tourists from the East, who once visit this store, return as regularly as they come to the Pacific Coast.

The unvarying policy of this place is to treat each customer as a friend and give them shoes and service that can't be excelled. Your feet and your purse are both safe at Staub's.

Mail orders carefully filled. Read for self-measurement blanks.

quase. That is what he says he did in San Francisco.

He calls himself "Law Is" and then quotes from "Compound Mark" and a dozen other imaginary authorities to show that he is in reality the supreme deity. On one of his letters this appears: "Make them all sing glory to Law Is, great God, our King."

His scheme is to send circulars to various persons. He keeps sending them until persons he has decided to frighten consult him. He claims to be able to prevent street car and all other accidents. He is said to charge a fee to make a client immune from such disasters.

"Law Is" is to be watched closely while here.

## STRANGLES HIMSELF.

Body of Jean Paraleaux, Alcohol Fiend. Found Hanging by Belt Strap in Rooming-house.

Jean Paraleaux, a Frenchman, sixty years of age, became tired of life yesterday, and strangled himself with his belt strap in a rooming-house at No. 467 1/2 North Los Angeles street. Jean was a well-known character about that quarter of the city, where he had lived many years. He was an alcohol degenerate.

The body was found hanging under the wardrobe by T. Deague. He had been dead several hours when found early in the afternoon. Roomers in the house said the old man had been drinking heavily of late, and had lost his job in a restaurant. The coroner will hold an inquest this morning.

Europe, the Italian Restaurant. Here you get the best and most for your money in the city. Seventh and Broadway.

## Sole Leather Suit Cases \$6.50

The air's full of plans for vacation, and Summer trips of varying length. So there's the opportuneness that multiplies values in this sale of suit cases at \$6.50.

At first glance you'd consider them about the same as the sorts sold nearly everywhere at \$6 to \$7. It's when you compare the thickness of the sole leather that things look different. These are not made of split cowhide—they are all made of carefully selected, full thickness leather.

And the rivets, the linings, the trimmings, as well as the leather, equal the sorts generally sold at \$9.50 and \$10. Our special price \$6.50.

## Club Bags at Half

15 and 16-inch club bags of the very choicest leather; hand-sewed, with steel frames, leather linings and brass trimmings. Splendid \$14 values at \$7.00

17 and 18-inch sizes of the same; well worth \$15. On sale at Choice of black, brown or tan. (Leather Goods Dept., Left Main Entrance.) \$7.50

## Shriner Souvenir Pillows

Our own exclusive designs in 24-inch pillow covers and backs, of canvas, stamped in colors—the Shriner emblem and cap, the words "Los Angeles," and a spray of pepper leaves and berries or a cluster of golden poppies. Nearly all the work to be done in outline—very simple yet decidedly artistic. Sixty-five cents for cover and back.

(Art Dept., Third Floor.)

## 85c to \$1.50 Silks 50c

Still a splendid assortment of colors in the \$1.50 silk-and-wool Poplinettes and several popular shades in the 85c Clifton Bond Taffetas—'twas a tremendous stock that we put on sale Monday, remember.

Never before have we been able to offer fabrics of like quality at fifty cents.

Sale of 50c Wash Goods on Friday at 25c. Particulars tomorrow.

## Golf Queen

This charming bouquet odor is one of Hildebeck's most delightful and popular perfumes. The fragrance of California's sweetest smelling flowers contribute to its high degree of excellence. 80c per ounce.

McCall's Patterns  
**Coulter Dry Goods Co.**  
Moneyback Jaffetas  
**Drapery Silks** of 65c and 85c values **48c**  
See the Broadway Window  
Every American woman has within her the instinct for home-making, given the proper materials. In these handsome new drapery silks we've provided the essentials to transforming, at little expense, any house into a cozy, charming home.  
Perhaps the display in one of our show windows will give you an idea of the possibilities, but it can convey only a faint conception of the delicate, graceful fabrics shown in profusion in our Drapery department, third floor.  
Best of all—these brand-new 65c and 85c silks came to us so much under value that we can sell them for 48c a yard during this week.  
Not a few women are buying them to make up into kimonos, a purpose to which they lend themselves admirably.  
**Good Lining Silks**  
Good linings are essential to the fit and durability of a garment, and every well informed woman knows that the lining silks she buys here are as absolutely dependable as they can possibly be.  
Yard-wide lining satins, in a mellow finish, obtainable in every shade, black, ivory and white, \$1 a yard, guaranteed for two seasons.  
36-inch Skinner's lining satin, in soft kid finish, colors and black, white and ivory, \$1.50 a yard.  
Superba all silk satin, especially for lining long coats, in all colors with standard white, ivory and black, sold here only, 36-inch width, \$1.50.  
Colored taffetas in all the leading shades, 19-inches wide, sterling value at 88c, here 78c a yard.  
**What \$3.50 Will Buy**  
Today \$3.50 will buy handbags of the leathers you seldom see marked less than \$4 to \$7 because linings have become depleted, and we can't tolerate odd articles in stock. At \$3.50 also we are selling a splendid lot of odd back combs, with gold mountings, some jeweled, for duplicates of which we've heretofore obtained as high as \$7.50. They're all this season's purchases, and reduced for no other reason than to clear our shelves for complete stocks.  
**Remnants of Laces, Etc., at Half**  
To take the place of those so eagerly snapped up yesterday we've added a fine line of Platt and Normandy laces, colored chiffons and insertions and edges in linen torchon laces, at half price.  
Among trimmings will be found bands, appliques and fancy braids in black, white and colors. The laces show alouvers, baby Irish, Venise, chantilly and Point Gaze, with appliques as well in combination effects. Embroideries comprise bands and edges, many matched sets, in all widths.  
**Sharply Reduced Blankets**  
It may strike you as a trifle inopportune to advertise a blanket sale at this season. But it's due to timely buying when makers are not busy that we can offer high grade blankets at less than prevailing rates. If you're going to need them for as far in the future as next fall, it's policy to buy now and here.  
Big, double bed-size, white wool blankets, weighing full five pounds, with red, pink or blue borders, firm and fluffy.  
11-4 size, of \$7 value, now \$3.75 a pair  
11-4 size, of \$8 value, now \$4.85 a pair  
Our patrons all know that bedding taken from this store over night cannot be returned or exchanged.

### SHOT IN FOOT LEADS TO JAIL.

ALLEGED THIEF IS WINGED BY  
CLEVER MARKSMAN.

William Garland Entertains a Stranger, Whom He Accuses Later of Robbing Him and Fleeing, Only to Become Target for Watchful One in Neighboring Room.

Crack shooting by R. J. Gillespie, No. 44 South Broadway, resulted in the capture early yesterday morning of an alleged thief, who gave the name of Otto Spiegel.

Leaving from his window, Gillespie shot the man, it is claimed, who had just robbed William Garland, in an adjoining room.

Hearing a row in Garland's room, Gillespie took his revolver and hampered with the butt on the door.

Spiegel opened the door, pretending nothing out of the way had happened. Gillespie demanded to know what the row was about. Spiegel pointed to Garland and said: "That man will tell you."

This diverted Gillespie's attention momentarily, and Spiegel dashed for the stairway and down to the street. Gillespie rushed to the window of his room and fired as Spiegel appeared on the sidewalk.

The shot struck Spiegel in the foot but he continued running and disappeared. The police and detectives traced Spiegel by bloody footprints and soon had him under arrest.

According to Garland's story, he had been out Monday evening with Spiegel, but did not know his name. They wound up at Garland's room. After the door was closed, Garland says Spiegel asked him for money, drawing a revolver, when it was refused.

Garland declares Spiegel threatened to kill him unless he gave up all his money. Garland gave him a \$5 bill. Then Gillespie intervened.

At the Central Police Station yesterday afternoon, Spiegel was identified by Garland and Gillespie and on his clothes was found a \$5 bill which Garland had given up.

R. S. Wickwire of No. 102 South Hill street reported to the police yesterday that he had been robbed of \$40 and a valuable stick pin. He said that while walking around town Monday night he "picked up with a fellow," and the two went the rounds of the saloons. Then Wickwire took the stranger home with him.

They went to bed and Wickwire went to sleep. When he awoke yesterday morning his supposed friend had departed with all the money Wickwire had, together with the stick pin.

No trace of the robber has as yet been discovered, though the police have been looking for him. Captain of Detectives Flammery stated yesterday that unless people stopped "taking 'bums' home with them they cannot hope to escape the penalty."

"Yes," said the advance agent as he entered the little hotel at Beacon Ridge, "it is going to be a great circus. Among other wonderful attractions we have bears that play basketball."

"That ain't such a whole lot," drawled the bucolic clerk. "Why, I read in the papers that they have Cubs in Chicago that play baseball." (Chicago News)

# MORE BENEFITS AID RELIEF.

TWO THEATERS OPEN DOORS TO  
HELP GOOD CAUSE.

Large Audiences Seen Regular Be-  
lascio Bill in Name of Charity and  
Macabees Have Fine Success at  
Their Burbank Matinee—De Lane  
Helps Gamut Fund.

Whether "Brown's in Town" is much  
of a farce or not, it seems to be enjoy-  
able to the majority of its audience at  
the Belasco Theater this week. As a  
matter of fact, it is only passable com-  
edy, with a mere element of proba-  
bility and little original humor, but the  
Belascos, for their strenuous endeavor  
in obtaining a generous run of good  
books are to be forgiven one lapse.  
Richard Vivian has the leading role,  
that of Dick Preston. Preston the  
younger, as will be remembered by  
those who have seen the farce, is  
famous for his trouble on an easy, fic-  
tious acquaintance by the name of  
Brown. When Dick's father comes to  
see him at Brown's country place—why,  
naturally, Brown's in town!  
Vivian exhibits a deal of life and ac-  
tion in the part. So much for being  
young and unused to the weary honors  
of the blast leading man.  
Margaret Langham is demure, girlish  
and quite restfully natural as Letty,  
Dick's mischievous wife.  
Adele Farrington furnishes the cur-  
tains of the piece, as Suzanne Dacre.  
The surprise is in Miss Farrington's  
singing, for she reveals an excellently-  
trained voice, of depth, power and 3e-  
fect quality.  
Last night's performance of "Brown's  
in Town" was a benefit for the San  
Francisco sufferers, given under the  
auspices of the Merchants' Exchange.  
A good-sized audience was in attend-  
ance, and a sum netting several hun-  
dred dollars will be forwarded north  
to aid the work.

**THE MACABEES.**  
Yesterday afternoon, at a matinee  
which filled the whole of the Burbank  
Theater, the Macabees "Macabees"  
staged another harvest for the stricken  
city.

This "show" was given but recently,  
and was commensurate with the time  
and an exceedingly clever amateur per-  
formance.  
The participants included John J.  
Carl, George DuFour, James Busby, C. W.  
Kitchens, Edwin C. Coffin, A. C. Dively,  
Walter Grannell, Carl E. Schmitt, Car-  
lton de Kuhlén, C. J. Walker, Wm. W.  
Kitchens, Fred D. Walden, Dalton  
Wright and L. R. Wadsworth, as in-  
terlocutor.

This occupied the first half of the  
programme, the second half being con-  
tributed by professionals, including  
Hugh Callender, Henry Stockbridge,  
Ray Bainter, the Sandersons, Edgema,  
and Paul, Lucille de Val, Carl Unger,  
Percy Matson and Hazel Coulter.

**DE LANE'S CONCERT.**  
The De Lane guitar and banjo con-  
cert, which was given on Monday even-  
ing at the Belasco Theater, was attended  
by a good-sized audience, and netted  
\$7, which will be turned over to the  
Gamut Club's fund for the care of  
stricken musicians.

**MANAGERS' BENEFIT.**  
At a meeting of the theatrical man-  
agers yesterday it was decided to de-  
vise the proceeds of the huge theater  
benefit on Thursday, at the Mason, for  
the stricken city.  
The managers of the theater people,  
hundreds of whom are in dire want as  
a result of the San Francisco calamity,  
will be retained here to help win-  
ning players who come into Los An-  
geles from the scene of the disaster.  
Lillian Burkhart—now Mrs. George  
Lidwell—will have charge of the  
over girls at the benefit donation of  
flowers from the Redondo Floral Com-  
pany and Wolfel's Floral Company and  
will make this a feature of the bene-  
fit.

The chairman of the association  
was approached yesterday by a young  
man who was one member of the  
association. The other member, was  
instantly killed in the hotel from which  
he escaped. All she wants is work,  
and a position was secured with  
the opera company for her, but during  
the past week many deserving the-  
atricals have called for assistance, all  
referring engagements to accepting  
aid.

A feature of the programme will be  
the united orchestra of fifty-six pieces,  
presenting nine theater orchestras  
under the direction of Chaffee  
however as each theater presents its  
orchestra, left yesterday afternoon, San  
Francisco to install the new San Francisco  
orchestra of the company temporarily at  
band. Employees of Mr. Cline's line,  
the junction of its high officials,  
are opened a popular subscription for  
San Francisco sufferers.

The Los Angeles Limited arriving  
from the coast Monday made up  
four and four minutes between  
Yreka and Los Angeles. It made  
total distance of 235 miles in nine  
hours and twenty minutes. With such  
time on record, the officials of  
the Lake see in the not distant  
future a regular twenty-hour sched-  
ule between this city and Salt Lake.  
President A. A. Robinson of the  
Southern Pacific arrived this morn-  
ing in his private car from Mexico

**RAILROAD LOCALS.**  
Cars began running yesterday on the  
new Sixth-street Interurban line,  
from Sixth and Main to Rampart street.  
C. Cline, general agent of the  
company, left yesterday afternoon for  
San Francisco to install the new San Francisco  
orchestra of the company temporarily at  
band. Employees of Mr. Cline's line,  
the junction of its high officials,  
are opened a popular subscription for  
San Francisco sufferers.

**PERSONAL.**  
Party of prominent young men  
from Los Angeles is "doing" the Coast.  
They are in Los Angeles they are making  
headquarters at Hotel Alexander.  
The party are Charles T. Wolfe, L.  
Korman, Frank E. Reed, Robert G.  
Robinson and Coleman R. Robinson.

## SUCCESSFUL OPENING OF NEW BASEMENT DEPARTMENTS

The volume of business these new basement departments have rolled up is only a forerunner of further developments. In the two days the china,  
glassware, silverware and house furnishing departments have been open there has been a steady stream of live bargain hunters constantly  
filling the basement. The buying has been active, and so much so that with some it was impossible to make purchases. After two days of  
strenuous activity, the departments have settled down to a firmer basis and the whole system of store service is in perfect order. Monday  
we demonstrated the value giving ability of these departments. Wednesday we make that ability more pronounced. Look over the list below  
and be convinced. There's always big savings possible here. For your benefit, keep in touch with this live basement.

## COLONIAL FURNITURE

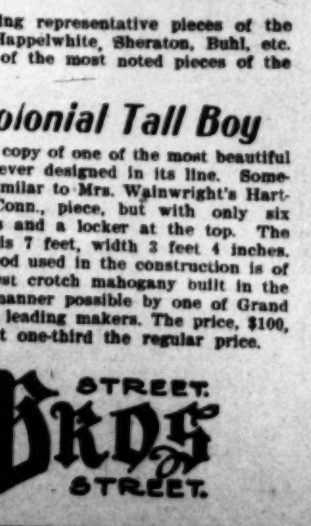

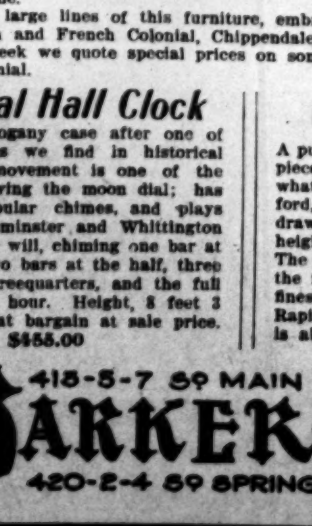

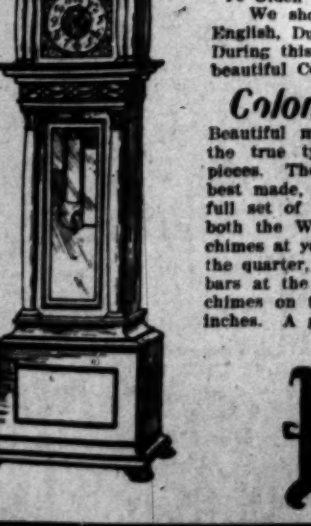

ACCURATE REPRODUCTIONS OF THE MOST CELEBRATED PIECES  
CAN BE OBTAINED IN LOS ANGELES.

Because of our connection with the PACIFIC PURCHASING COMPANY we are able  
practically to control the output of leading Grand Rapids factories, including among  
others those which make a specialty of careful reproductions of the furniture of  
"Ye Olden Time."

We show large lines of this furniture, embracing representative pieces of the  
English, Dutch and French Colonial, Chippendale, Hoppelwhite, Sheraton, Buhl, etc.  
During this week we quote special prices on some of the most noted pieces of the  
beautiful Colonial.

**Colonial Hall Clock**  
Beautiful mahogany case after one of  
the true types we find in historical  
pieces. The movement is one of the  
best made, having the moon dial; has  
full set of tubular chimes, and plays  
both the Westminster and Whittington  
chimes at your will, chiming one bar at  
the quarter, two bars at the half, three  
bars at the threequarters, and the full  
chimes on the hour. Height, 8 feet 3  
inches. A great bargain at sale price.  
\$485.00

**Colonial Tall Boy**  
A pure copy of one of the most beautiful  
pieces ever designed in its line. Some-  
what similar to Mrs. Wainwright's Har-  
ford, Conn. piece, but with only six  
drawers and a locker at the top. The  
height is 7 feet, width 3 feet 4 inches.  
The wood used in the construction is of  
the finest crotch mahogany built in the  
finest manner possible by one of Grand  
Rapids' leading makers. The price, \$100,  
is about one-third the regular price.

**BARKER BROS**  
413-5-7 39 MAIN STREET.  
420-2-4 69 SPRING STREET.

# NICANOR TELLER OF TALES

"This was what he loved,—to fare forth at  
night and come upon some group about the fire;  
to begin his chant abruptly, in the midst of con-  
versation; to see his listeners draw close and  
close, gazing wide-eyed, half in awe; to sway  
them as the marsh winds sway the reeds. At  
times, when his sense of power shook him, he  
took a savage delight in seeing them turn, one to  
another,—simple-hearted children of moor and  
forest, whose emotions he could mould as a pot-  
ter moulds his clay."

AND if you are a lover of  
old romance you will want  
to follow the adventures of  
Nicanor the story-teller, of  
the lord's daughter who for-  
got that he was a slave, and of  
Eldris, who loved him best.  
It is a novel for those of us  
who have not forgotten Scott  
and Kingsley and the nobler  
traditions of historical ro-  
mance. It is especially com-  
mended to anyone who would  
like to forget for a time  
the hard commercial age in  
which we live.

"NICANOR, TELLER OF TALES," is a tale of Roman Britain, by  
C. Bryson Taylor, with beautiful illustrations in full color and other deco-  
rations by the Kinney. It is just published, and your bookseller has it today.

FOR THE FAMILY The Best Bitter Liqueur

## Underberg Bitters

Is good for one and all. A delicious drink—stim-  
ulates, appetizes and creates good temper. The hap-  
piest home is that where health is a matter of course—

## WAVE OF PITY FOR SHRINERS.

Sympathy With Al Malaikah Is Nation Wide.

Many Nobles Wire Opinions of "My Edict."

Work Is on to Get Council Here Next Year.

Shriners of the whole United States are condoling with Al Malaikah Temple in the summary recall of the meeting here of the Imperial Council. Telegrams are pouring into Los Angeles from temples in the four quarters of the nation. Every message voices indignation at "My Edict" Collins, and surprise at his decision.

Al Malaikah Temple will go to Chicago, and placing the matter before the assembled Shriners of the country, will state its grievance publicly. A strenuous endeavor will be made to capture next year's Council. It is probable that Mr. H. Flint will lead the fight in person. Several States already have wired Mr. Flint to pledge their unanimous support.

Given herewith are a few of the written and telegraphed sentiments of the Shriners at large sent to Mr. Flint. These are random selections from many communications, not one of which—mark the unanimity—was in sympathy with the dictator.

P. O. Evans, Potentate of Za-Ga-Zig Temple, Des Moines: I think he overstepped his authority in postponing the meeting, as I fail to find anything in the Imperial Council law giving him that authority. All of our party are now undecided. We regret exceedingly the trouble you have been put to.

"A GREAT INJUSTICE."

Renton Quick, St. Joseph, Mo.: Supplementing my letter to you, I wish to state that Clayton, Getchell and I made a special trip to Kansas City last Thursday, at which time we held a prolonged session with Past Imperial Potentates Allen and Alwood and had them wire the Imperial Potentate, endorsing the views of our friend Thomas R. Morrow, that the meeting at Los Angeles should be reinstated for May 21. While I am not authorized spokesman for the other two nobles mentioned, I feel that if this meeting is taken away from you it will be doing California a great injustice. If you get the meeting, Moila Temple will send a nice party. If it goes elsewhere, our plans will have to be made over entirely, and I doubt if our people will enter into it with half the enthusiasm they have shown over going to California. Remember me kindly to illustrious Noble Hines, and tell him that we will not quit until our ammunition is exhausted.

FIFTY COMING.

E. Percy Davis, Potentate Temple 25 Selams Aleikum, Providence, R. I.: I have done my best to pull off this trip ever since the thing happened, but have not been able to make much impression on Collins as yet. I have wired him several times, but the best answer I can get is "Session postponed; no matter what I write, he says I wrote a long letter yesterday. The East is working hard to help you out in this matter. Harsters pull his trip off as originally intended, and will take nobles to Los Angeles with him, starting Friday night."

El Kahle Temple, Cedar Rapids, Iowa: Representatives of El Kahle Temple are of the impression that no officer has the power to postpone a regular session, and that no provision is made in our law for that purpose. The Imperial Council should at least hold a business session, for the trouble and expense gone to by our hosts should warrant attention to their desires.

Portland Temple, Noble Whitehouse: Words will not express our disappointment.

Salt Lake Temple: Regretting with you change of date and locality of Imperial session, we pledge Los Angeles our support in 1907.

Frank B. Jahr, Potentate Kansas City: Telegram received. Bravo! Arrant is with you; command us.

Temple of St. Joseph, Mo.: Are with you for whatever you want.

WHERE'S THE BACKING?

Now in his "final edict" to Los Angeles a few days ago, Collins stated that he was backed by a representation of the whole Shrine body.

Representatives of Al Malaikah Temple would like to know where that backing came from—not as a matter of revenge, but from curiosity. The sympathy is so widespread and genuine that had there been disapproval some echo must have tempered the impulsive demonstrations sent Los Angeles.

Yet this much is certain. Collins received telegrams decidedly not in approval with his course. He was strongly advised to call the session here for May 21, and in not doing so he totally disregarded the absolute expression of thousands of influential Shriners, some of whom are members of the Imperial Council itself.

Here is a copy of a letter sent to Collins before his final "edict," by an eminent eastern officer in the Imperial Council: "I wired you today urging that you try to comply with the wishes of Al Malaikah Temple as to the meeting of the Imperial Council. As I telegraphed you in the first instance, and as I also wrote you, I think this matter should rest solely with the Los Angeles nobles. They are inviting us to become their guests; we all know that they have spent thousands of dollars and have selected their ordinary business affairs preparing for our pleasures and comforts. They are on the ground, and know the situation better than anyone else, and we who know the nobles of Los Angeles know that no men of finer sense of honor or propriety live than they. I for one am unwilling to reflect upon them by acting as though they do not know their own business, or appreciate the properties of the occasion. To disregard their wishes now seems to me, will reflect upon the people as well as the Shriners of Los Angeles. As an officer of the Imperial Council, and as a representative of my temple, I urge that you be governed in this matter by the wishes of Al Malaikah Temple."

MISSOURI PROTEST.

This telegram was sent by an Imperial officer in Missouri to the "emperor" in Canada: "We protest against change and ask that original plan be carried out."

Wisconsin and Michigan also let

Is good for you. It is the national beverage where vigor and health are the rule, and nervousness the rare exception.

Little light into the self-glorified Collins think factory.

Wisconsin told him: "Presume we should rely to a large extent upon the suggestion of those in Los Angeles."

And Michigan wrote: "Would say that the requests of the California nobles should receive due consideration."

"I think the Shriners of Pittsburgh and Allegheny, representing Syria Temple, will come to Los Angeles as per their schedule," said H. O. Hunter, one of the charter members of Syria Temple, who has been passing the winter in Redlands and came yesterday to the Alexandria Hotel.

Imperial Potentate Collins's edict calling off the meeting of the Shriners in Los Angeles, was ill advised and savors of a "lack of definite information or pure bumpiness," according to Mr. Hunter.

Mr. Hunter was called home on account of sickness in his family, and said he had planned to stay here until the Shriners arrived whether the Imperial Council met in this city or not, but is compelled to return to his home.

"I will get to Pittsburgh some time before the scheduled time for the Syria Temple to leave in their special train. I have written to friends there telling them that Los Angeles was ready and more than willing to entertain them. I have heard sufficient to assure me that the majority of the Shriners of

the Smoky City will come out here this month.

"When I return to Pittsburgh I shall immediately use all efforts to have every Shriners come here who had previously planned to do so."

**MAKE TRIP, ANYWAY.**

"One idea which I hear a number of the temples from the Eastern Coast have adopted is to make the trip to Los Angeles as planned to see the beautiful Fiesta in this city, to San Francisco and see the ruins, and then return to Chicago by the first week in June, and in time to attend the Imperial Council, which will meet in this city."

"The special trains can leave this city as late as June 1, and be in Chicago in time to attend the Council meeting. I understand this is the plan Syria Temple has adopted. If it has not I shall urge it when I arrive in Pittsburgh."

Mr. Hunter left last night for Pittsburgh, but hopes to return with Syria Temple about the middle or last of this month.

It is certain that a large number of Shriners are making the trip to Los Angeles independently. Just how many will come, who they are, when they will get here—these are matters on which Al Malaikah Temple is not reliably informed. Since "My Edict"

concerted action has been disorganized, the track of the specials and other aggregations has been lost.

Nevertheless, the visitors will be entertained to the best of Al Malaikah's ability. Masonic Temple will be thrown open, and committees will be appointed to show the visitors hospitality. Trips will be arranged for them, and they will be induced, if possible, to remain over and become honored guests at the delayed Fiesta.

# JOINT FORCED SALE

## The Greatest Furniture Chance of the Day Just Now

With our new building adjoining the Huntington Depot rapidly nearing completion, and a great Removal Sale on hand extending to every department and embracing every article in this immense store, as well as in our already greatly overcrowded warehouses, we are suddenly confronted by an added responsibility in the diversion to this store of all the goods en route to our great San Francisco store, which was entirely destroyed by the earthquake. These goods must be taken care of immediately, and as we are utterly unable to store them, the public must take them as soon as possible. They consist of the newest and best in every line of house furnishings. Besides our inability to take care of them, we are in urgent need of the money, as our San Francisco store must be rebuilt at once—bigger, greater and better than before, in keeping with the rejuvenated San Francisco.

# Eastern Outfitting Company

544-546 SOUTH SPRING STREET

### Wedded Fifty Years, Lead the March.

Hale and hearty and with the show of seventy winters on their heads, Mr. and Mrs. Creed H. Brawner, recently of Denver, Colo., celebrated their golden wedding last night at their home, No. 1150 East Twentieth street.

Mr. and Mrs. Brawner were the center of a group of friends and relatives at a reception and luncheon. The home was decorated beautifully in orange blossoms and golden streamers. In the parlor, where the guests gathered, were masses of orange blossoms. The dining-room was equally gay with symbols of the fifty years of married life enjoyed by the couple.

Mr. Brawner was one of the well-known contractors of Denver, and five years ago retired. Since that time he has been passing his winters in Los Angeles.

He is a veteran of the Civil War and served two years in the One Hundred and Fifty-fifth Illinois Infantry, seeing sharp service throughout Tennessee.

The aged couple were married in 1855 in Lexington, Ill., where they lived for twenty years afterward. Mr. Brawner was a merchant of that city. Several years later he removed to Denver, where he took an active part in the upbuilding of that city.

breathed in garlands of orange blossoms. Mr. and Mrs. Brawner were the recipients of several pieces of massive gold and silver plate, a goodly portion of which was sent from Denver by friends of the family.

**PROTECTING THEIR HOMES.**  
Residents of Bonnie Brae District Authorize Employment of Patrol Service of Their Own.

Local and visiting crooks of all description would do well to stay away from the Bonnie Brae district, because, as a result of action taken at a meeting of the citizens of that section Monday night, the district is now patrolled day and night by a number of special officers. In addition to the regular patrolmen. Fearing that the numerous thieves who have come here from the North since the earthquake and fire would invade the fine residence section in the vicinity of Westlake Park, the property owners of the Bonnie Brae district decided to organize their own police force for the protection of their homes.

Special Officer Charles Foster was called upon to secure the services of a number of trustworthy men to act as watchmen, and was instructed to place them on duty both night and day. Foster is now at the head of a little police force all his own, and men under him are instructed to arrest any suspicious character whom they may see. This special service will continue for at least three months.

Everybody has been waiting to get a lot in the beautiful Arlington Heights district. Now is your opportunity to get one cheap in

THE FINEST OF THEM ALL.

## Arlington Heights Terrace

Running From Pico to Washington Streets

**\$500 to \$750 a Lot**

## EVENTS IN LOCAL SOCIETY.

**CHARMING** Miss Ruth Foster, daughter of Mr. and Mrs. N. H. Foster of No. 2710 Raymond avenue, whose engagement to Robert Dempster Sherman, son of Gen. and Mrs. M. H. Sherman, was recently announced, has chosen to be married the first week in June. The ceremony is to take place in St. John's Church and the bride's sister is to be matron of honor. Miss Foster has not chosen all her other attendants as yet.

Miss Foster and her mother went up on the special train with Gen. Sherman the day after the disaster in the north. They reached within a hundred

Merrick Reynolds of No. 1023 South Alvarado street. Mrs. Lusier has many friends in this city who will be glad to know of her safe arrival.

## Visit Hot Springs.

Mrs. J. F. Conroy of West Thirtieth street, accompanied by her daughters, Misses Bri and Emma Conroy, are spending a week or ten days at Arrowhead Springs.

## Miss Hancock Weds.

Cards have been received in this city announcing the wedding in Chicago recently of Miss Annie M. Hancock and Dr. Dana Howard Garon. They are

Miss Ruth Foster, who in June is to become the bride of Robert Dempster Sherman, the wedding taking place in St. John's Church.

miles of the city, but returned home without going further, being so saddened by the plight of the city which was formerly their home.

Miss Foster is a blonde beauty of unusual vivacity, with exquisite coloring, and has been cordially entertained in the past few months since the announcement of her engagement.

## Skating Party.

A merry crowd who made up a party at Dreamland skating rink on Monday evening included Mr. and Mrs. John G. Mott, Mr. and Mrs. Nathaniel Myrick, Mr. and Mrs. William J. Doran and Mr. and Mrs. Albert Llewellyn Cheney. Later the party enjoyed a supper.

## Miss Handy Weds.

A beautiful little home wedding was that of Miss Orpha Handy, late of Massachusetts, and D. H. Osborn of Courtland, which took place last even-

ing on their way to Italy, where the honeymoon will be spent. Upon their return they will make their home in Chicago. Mrs. Garon has a large circle of friends in Los Angeles, where she recently visited, and a sister has made her home here for a number of months.

## Benefit May Party.

Mrs. James T. Neighbors is the chairman of a committee in charge of arrangements for an entertainment to be given by Los Angeles Hive, No. 1, L. O. T. M., at Burbank Hall on next Wednesday evening. The proceeds are to go to the relief fund of the Lady Macabees of San Francisco.

## Wives and Sweethearts Dine.

The wives and sweethearts of National Guard officers who are serving at San Francisco, were given a dinner on Monday evening at the Jonathan

Mrs. D. H. Osborn, a handsome bride of yesterday.

ing at the family residence, No. 1063 Orange street, with Rev. Robert J. Burdette officiating.

The entire home was converted into a luxuriant bower of flowers and in the drawing-room, where the ceremony took place, an impromptu altar was erected. White tulle and love knots combined with asparagus ferns formed a dainty canopy overhead, and high white pedestals would lightly with ferns, on whose tops stood great jars of Easter lilies and grasses, completed the pretty effect. Palms and plants formed an attractive background. Snowy Easter lilies were about the room.

In the library, callas, ferns and pink carnations were used with grace. Pink sweet peas, ferns and ribbons were combined in the decorative scheme for the dining-room. An immense floral piece of pink sweet peas rested in the center of the table, and pink-shaded candelabra completed the charming arrangement. Christopher served the supper.

The bride was a charming picture, clad in white tulle and lace. A semi-crown of orange blossoms rested in her soft brown hair, and she carried a shower of white sweet peas. Her only ornament was a beautiful diamond and pearl pin, the gift of the groom. Little Miss Lucille Lynn, dressed in white lawn and lace, carried the ring in a basket of flowers. The wedding music was played by Mrs. Arthur Fawcett. Mr. and Mrs. Osborn have gone for a short trip, after which they will make their home in Courtland, where the groom is in business. He is a Mason and an Elk. The bride has lived here only a little over a year, during which time she met Mr. Osborn. She is a talented young woman, a graduate of the Emerson College of Oratory in Boston, and a clever reader and impersonator.

**Mrs. Lusier Here.**  
Mrs. William Lusier, who passed through the San Francisco disaster, is the guest of her parents, Mr. and Mrs.

Club, followed by a theater party at the Orpheum. An interesting feature was the presentation of a handsome silk bag to L. J. C. Spruance, who has just returned from San Francisco. About forty guests were present. The success of the affair is much due to Leo Youngworth, who arranged it.

## Notes and Personals.

Mrs. Stephen Quirelle of No. 1124 Crocker street, was hostess at a musical Saturday evening. About forty guests were present.

Edgar H. Cline, son of Mr. and Mrs. Ross C. Cline, arrived yesterday from San Francisco. Mr. Cline is a Berkeley student.

Mrs. Harper H. Smith of Pittsburgh, is visiting her parents, Mr. and Mrs. R. L. Crowder of No. 1305 West Pico street.

## Satisfactory Manicuring
